

Robert Connor Rallies Today After Five Days Exposure in Deep Woods Problem Of Raising \$13,000,000 Public Works To Draw Two "Governors" Clash "Peace" Call Gives New Hope to Strike-Prostrated Bay Cities

Baby, 21 Months Old, Is Given a 75 Per Cent Chance to Recover by Grasslands Hospital Physicians.

POLICE "CLOSE" CASE
Bobbie Found in Tangled Brush by Greenburgh Police Tuesday Afternoon—Not a Kidnaping.

East View, N. Y., July 15 (AP)—Scattered from death, Robert Connor was given a 75 per cent chance to recover today.

He lies swathed in bandages in a crib at Grasslands Hospital benefiting by the utmost that medical science and skill can give him to erase the marks of five harrowing days alone in the woods behind Hartdale Manor.

The 21-month-old child had his first food at 6 o'clock this morning three hours after police had announced the case "closed." He was given a small quantity of skim milk and the anxiety of doctors, who have watched him hour by hour since he was found by two Greenburgh policemen at 2:32 yesterday afternoon, relaxed visibly.

Transfusions Unlikely.
Dr. Charles L. Suttles, the baby's physician, who raced to the county hospital when summoned by Charles H. Connor a few minutes after the finding of the child, declared today blood transfusions will not be necessary if Robert takes his feedings.

A slight fever, which had risen under the rigorous treatment to save the baby's life last night, abated today. His pulse had also slowed after an acceleration during the evening.

First Bulletin Issued
At 9 a. m. the first bulletin was issued on the baby's condition: "The child's temperature is 99, pulse 120, respiration 28. The child appears to be stronger and is quite restless this morning. There are no alarming symptoms. He is receiving feedings of skim milk and dextro maltose."

Dr. C. W. Munger, director of Grasslands, has placed every facility at the disposal of Dr. Suttles but because of the distance the baby's doctor must travel several times a day from White Plains it was reported today the child may be moved as soon as strong enough. The child might be taken to White Plains Hospital or to its home, but no move will be taken until the child is positively out of danger.

Police "Close" Case
Hartdale, N. Y., July 15 (AP)—Police marked the Connor case "closed" today while 21-month-old Robert recovered in Grasslands Hospital from five days in the woods but the mystery of how the child who had been walking only two weeks toddled three-quarters of a mile into a field of scrub was unexplained.

"Call it a case of a lost boy," said Captain Philip J. McQuillan, who had announced when the child was found by two of his men yesterday afternoon that he believed it had been placed there in the morning and was pressing his investigation.

Department of justice agents announced the case was not one of kidnapping and that they were withdrawing. Francis X. Fay, of the New York office, said he was convinced Robert wandered off by himself. He waved aside a "kidnap note" received yesterday at the Mount Vernon home of Frank A. Saporito, criminal lawyer, who denied after taking Mr. and Mrs. Charles H. Connor from their home on Sunday that he had been approached as an intermediary by abductors.

State Troopers who were making a final systematic search of the vicinity when the baby was found located his shoes and also withdrew from the case today. Trooper Burke found one shoe late yesterday 30 feet from the spot where the child lay and Trooper Stark found the other this morning lodged in the stone wall nearby. The baby apparently had thrown them off as he kicked in a tantrum of rage.

G. O. P. Leaders Will Support More To Appropriate Amount, But They Will Leave To The Chief Executive The Responsibility For Providing Any New Taxes—Three Bills Introduced.

EXAMINATIONS WILL BE HELD FOR POSTMASTERS IN KINGSTON AND 2 VILLAGES

Applications for the position of postmaster in the city of Kingston and the villages of Port Ewen and Ulster Park, by open competitive examinations have been announced by the Postmaster General, under the United States Civil Service Commission. The instructions in the announcements say that the receipt of applications will close on August 3, 1934, and must be filed at Washington, D. C., properly executed prior to the hour of closing on the date above mentioned. It is further stated that:

Body Found Sunday In Hudson Is Identified

Found to Be Conrad Breithaupt of Saugerties—Sons Made Identification.

The body which was found Sunday morning in the Hudson river off Washburn Brothers brick-yard at Glasco has been identified as that of Conrad Breithaupt, 73, of Saugerties. Identification was made by a son when the body which had been interred at Saugerties was exhumed Tuesday on the authority of District Attorney Cleo E. Murray. Identification was made through certain articles of clothing since the body was so badly decomposed as to make other means of identification impossible. Two sons, Frederick and Philip, of Saugerties, identified the clothing.

When the body was discovered it was removed from the water and due to the advanced stages of decomposition it was turned over to Undertaker Gallietta of Glasco and immediately buried at Saugerties. At that time it was estimated the body had been in the water for a couple of months.

Sons of Mr. Breithaupt stated Tuesday that they had last seen their father three days before the body was found and this information was borne out by others who saw Mr. Breithaupt as late as 3 o'clock last Thursday afternoon. He had dinner Thursday with his family and left after dinner. Later that day he was seen about the town and his last appearance was noted at 3 o'clock.

Newspaper articles about the finding of the body led the sons to seek aid of Chief Richter of the Saugerties police who had the matter taken up with District Attorney Murray, who ordered the body taken up for identification.

Surviving is one daughter, Mrs. Mary Phillips, of Glasco, and three sons, Frederick and Philip of Saugerties and Ward of New London, Conn. Funeral services will be held Thursday at 2 o'clock with interment in Mountain View cemetery at Saugerties. The body has been taken in charge by Undertaker N. R. Lasher at Saugerties.

The fact that Mr. Breithaupt was seen about Saugerties last Thursday and the announcement of the condition of the body when found Sunday undoubtedly delayed the identification since he was in the habit of leaving his home in Saugerties and being away for several days at a time without his whereabouts being known.

Nation's Writers Rap Motion Film Critics
New York, July 15 (AP)—A biting and caustic counter attack against the motion picture "clean up" campaign, scoring "professional reformers" and "instances of axe grinding," was loosed today by the Authors' League of America and the Screen Writers' Guild.

It was in the form of a statement sent out by the Authors' League and signed by Marc Connelly, president of the League; Ralph Block, president of the Guild; Rupert Hughes, president of the Writers' Club; Ernest Pascal and Donald Ogden Stewart.

Albany, N. Y., July 15 (AP)—After attacking Governor Lehman for failing to balance the state budget, Republican leaders today placed squarely before him the problem of raising \$13,000,000 additional state aid for schools.

The G. O. P. leaders, it is understood, will support a move to appropriate this amount, but they will leave to the governor the responsibility for providing any new taxes. Almost at the same time Assemblyman Fred L. Porter, Republican chairman of the ways and means committee, pointed out that the legislature would have to impose \$100,000,000 in new taxes next year, three Republican bills were introduced calling for the \$13,000,000 school appropriation.

It was subsequently learned that they had no plan for raising this money. They are understood to have taken the stand that Governor Lehman tried to "pass the buck" to the legislature in his message last week on the state aid question when he declined to make a specific recommendation either for or against an additional appropriation.

Some observers also pointed out that two Democratic bills have been introduced calling for the \$13,000,000 state aid increase, but that they have not yet proposed any new taxes to raise this amount.

One of the Republican bills introduced today was sponsored by Assemblyman Porter. The others were presented by Assemblyman Howard W. Dickey of Buffalo and Senator Charles J. Hewitt of Locke.

It was pointed out by Porter in a formal statement last night that unless the governor recommends new tax measures at the special session he will be forced to do so next January when he presents his new budget.

Porter criticized the governor's statement, issued last Saturday, pointing out that revenues had declined \$3,900,000 below last year's estimates during the last year. He characterized this statement as the "most misleading" made by a high public official in recent years.

Ulster's Share of State Income Tax
County Treasurer Has Received From Comptroller a Check For \$20,227.03—Amounts For Towns and City of Kingston.

County Treasurer Arthur Rice has received from the state comptroller a check for \$20,227.03, being Ulster county's share of the state income tax money. It has been divided among the towns of the county and the city of Kingston as follows:

Denning \$ 85.67
Esopus 620.61
Gardiner 139.61
Hardenbergh 94.95
Hurley 706.59
Kingston City 30.90
Lloyd 7,482.46
Marbletown 1,191.87
Marlborough 742.03
New Paltz 485.44
Olive 568.18
Plattekill 1,784.66
Rochester 148.30
Rosendale 260.30
Saugerties 356.73
Shandaken 1,715.45
Shawangunk 702.16
Ulster 520.74
Wawarsing 1,340.62
Woodstock 475.76

Total \$20,227.03

Police Court Cases
Samuel Bush of 115 Cedar street was fined \$5 in police court this morning by Judge Bernard A. Cuffolton on a charge of public intoxication. Bush was arrested Tuesday evening by Patrolman Bert Soper.

Mighty Nimrod
Al Werthe of 207 Hurley avenue is still leading the van when it comes to hauling out the big ones in wholesale quantities. Tuesday night he took eleven bass and two pike from Esopus Lake. One of the bass shown at The Freeman office measured 31 inches in length and weighed 3 1/2 pounds and Al said that he had another one that was still larger.

Mayor Believes New Ordinance Is Needed Making It a Misdemeanor To Pile Paper Boxes, Not Taken Apart, on Street.

PARKING GROUNDS
City Will Scarify, Roll and Oil The Uptown Parking Grounds As Has Been Requested.

An ordinance governing the collection of paper boxes in the uptown business district will be drawn and presented to the Common Council by a committee from the Board of Public Works, it was decided at the meeting of the board in the city hall, Tuesday night.

The decision was the outcome of a discussion led by Mayor Conrad J. Heiseleman and Commissioner Bernard V. Roach. They both observed on several occasions that city employees found it difficult in loading and carting empty paper cartons because they were not "knocked down" (taken apart). The delay in loading and carting is costing the city unnecessary money, they said, and should be stopped.

From another viewpoint, the empty cartons piled up on the sidewalk are a fire hazard, Commissioner Roach said. He explained that a serious fire might be caused if a passerby dropped a cigarette in or near the boxes.

Examining a city ordinance on the collection of garbage and rubbish, Mayor Heiseleman was of the opinion that a new one is needed, one with "more teeth," making it a misdemeanor for merchants to pile the paper boxes on the street in the fashion they have been, disregarding plans to break up the cartons and pile them for economical collection by the city men.

The mayor will appoint the committee on the ordinance, which will have the cooperation of the corporation counsel, in drawing it.

Uptown Parking Grounds
It was moved to have the city scarify, roll and oil the uptown parking grounds to comply with a request from the business men in the district. They formerly requested the city to level the ground and the county to roll and oil it. The county informed them that cooperation could not be offered in this work, leaving it entirely to the city. Considering the job one of much importance to those who use the parking place, the Board of Public Works decided to do the job in its entirety.

Mayor Heiseleman reported on the progress of work on the Boulevard. Concrete laying soon will be started, the men are busy with the water system and are ready to go ahead with the rock cuts. Two compressors have been in use and two more were to be added today.

A letter on Federal aid highways from State Road Commissioner A. W. Brandt was read, also one from Deputy Commissioner Bixby at Poughkeepsie, stating that no money will be allowed for such highways in cities of this section, thus eliminating Kingston. Commissioner Brandt explained that Kingston probably will not receive any money for a Federal aid highway until a by-pass route has been established.

No Further Protection Needed
Francis E. Roberts of the Public Service Commission wrote the board that no further protection on local railroad crossings is needed, explaining that the New York Central Railroad Company is adhering to present public safety requirements. In order to change these there would have to be a state-wide public hearing with representatives present from all the railroads.

The letter was the outcome of a move to better protect the railroad crossing on the Saugerties road with what was considered more adequate lights.

Mayor Heiseleman after Secretary Fred Gronemeyer read the letter expressed the opinion that there was no course other than to drop the matter after the ruling given by the Public Service Commission.

A report on compensation showed the Board of Public Works under the self insurance plan had paid \$147.60 since May 1. This amount covered 18 claims for minor injuries. Two larger claims may total \$369. Secretary Gronemeyer estimated.

A claim for \$40.32 was received from C. E. Wonderly of 54 Wall street.

Fight Ensnared Over Conflict of Executive Authority When Supreme Court Edict Is Flaunted by Convicted Leader Today.

OLSON AGAINST FORCE
Acting Governor Also Issues Proclamation Revoking Special Session of Legislature.

Bismarck, N. D., July 15 (AP)—Two men acting as governor of North Dakota clashed in exercise of executive authority today as Lieutenant Governor Ole H. Olson, acting governor by court order, called at the adjutant general's office to withdraw National Guardsmen and end state wide martial law ordered by William Langer, recently convicted of felony and ordered ousted by the state supreme court.

Olson also issued a proclamation revoking Langer's call for a special call of the legislature, scheduled to convene Thursday noon.

For the time being it was uncertain whose orders would be followed. National Guardsmen, armed with bayonets, were scattered throughout the statehouse, still acting under Langer's martial law order issued last night. Although Langer declared martial law to cover the entire state, Bismarck was the only city where guardsmen were used.

Assistant Adjutant H. A. Brocopp called out the troops last night on orders from Langer. Adjutant General Earle Saries was expected to take charge of the situation soon.

Brocopp received Olson's order to withdraw the troops, but said he would await word from Saries before acting.

Those orders members of the legislature would follow remained problematical. Langer in a telegram last night informed them to convene Thursday. Olson today wired the legislators he had filed a proclamation with the Secretary of State revoking Langer's special call.

The order to withdraw the guardsmen was handed personally by Olson to Brocopp.

Leaders in the Olson group said that if Saries refused to accept Olson's order revoking martial law, it was possible the Federal government would be asked for soldiers to restore order.

Coast Strike Is Not A National Affair
A. F. of L. President Says Organized Labor of U. S. Did Not Sponsor or Authorize San Francisco Tie-up.

Chicago, July 15 (AP)—William A. Green, president of the American Federation of Labor, today asserted that the general strike at San Francisco was neither ordered nor authorized by the A. F. of L. and has no national significance, as far as organized labor was concerned.

Green explained that there had been some confusion in the public mind and he believed some explanation from him to clear up the situation was in order. The text of his statement follows:

"The strike in San Francisco is local in character, possessing no national significance. It originated with the workers directly involved. Through an assumption of authority growing out of certain autonomous rights conferred upon local organizations, their representatives ordered the strike and must accept full responsibility for this action."

Only Twice After All.
Bucharest, Rumania, July 15 (AP)—Medical circles were briefly agitated yesterday by a report from the village of Jontest that a woman had given birth to six children. A pilgrimage of scientists to visit the mother, Mrs. Joha Jordan, and her sextuplets was immediately begun. But the movement collapsed when it developed that the message of announcement printed in a Bucharest newspaper had been garbled. They found it was only a case of the birth of twins.

Redeemer Pastor to Assume Duties Here

REV. RUSSELL S. GAENZLE

The Rev. Russell S. Gaenzle, who recently accepted the pastorate of the Evangelical Lutheran Church of the Redeemer on Wurts street, will arrive Thursday to take up his new duties in Kingston. The new pastor succeeds the Rev. O. E. Brandorff, who died recently.

The Rev. Mr. Gaenzle was born in Reading, Penna., in August, 1906, and received his early education in the Reading public schools. He was graduated from the Reading High School in 1924 with first honors. In 1928 he was graduated from Muhlenberg College, Allentown, Penna. He was valedictorian of the class and was awarded the Oscar Bernheim medal for scholarship. Bachelor of Arts degree. While there he was active in student organization. He was also editor-in-chief of Junior Year Book and participated in inter-collegiate debating. He is a member of Phi Epsilon social fraternity and Tau Kappa Alpha honorary forensic fraternity.

From 1928 to 1931, the Rev. Mr. Gaenzle attended the Lutheran Theological Seminary at Mt. Airy, Philadelphia. While there he served two years as student assistant in Trinity Lutheran Church in South Philadelphia. Upon graduation he was offered a fellowship for advanced study and teaching at the seminary, but declined because of a desire to enter active ministry.

He accepted a call to associate pastorate in Holy Trinity Lutheran Church in Buffalo, N. Y., and was ordained in New Haven, Conn., at a session of the New York Synod in June, 1931. He has served in the capacity of associate pastor at Buffalo for three years until accepting the call of the local Lutheran Church.

While in Buffalo the Rev. Mr. Gaenzle was active in the promotion of a religious educational program, both within and beyond the bounds of his parish. He emphasized work with young people, developing vacation church school. He was also interested in religious dramas and pageants as a means of communicating religious message and appeal. One of his dramatic productions was presented at the State Luther League convention held in Buffalo.

In June, 1931, he was married to Miss Marion R. Wilson of Reading, who was a teacher in the Reading public school system, having graduated from the West Chester State Teacher College.

Car Performs Antics And Two Are Hurt

Sidney O. Meyer of 108 North Front street and William J. Duffy, of 129 East Chester street, met with a rather peculiar accident about 6 o'clock this morning on the Plank Road near the elder mill. As a result both were taken to the Kingston Hospital by the W. N. Connor Ambulance Service. Meyer was treated by Dr. Melish for injuries to his face, head and back and his companion suffered from cuts about the head. Both remained at the hospital while driving along the highway the Ford roadster went through several antics, throwing out the two occupants. It was reported the car turned over twice and when the ambulance arrived both men were found lying on the ground where they had been thrown from the car. Deputy Sheriff Clayton Wrodenburg investigated the accident. No other car was involved. The Ford, badly wrecked, was towed to the Haines Garage.

Berry-Picker Dead Following Accident
George La Peltrie, 55, a berry picker employed about Milton, died Tuesday afternoon at the office of Dr. Harold T. Cartwright at Milton following injuries which he received when struck by a Overland sedan driven by Montgomery Mackey of Marlborough.

According to the statement of people in the vicinity Mackey was driving south on Route 9-W accompanied by Harold Barrian of Marlborough. Near the Willow Tree Tea Room was LaPeltrie, who was deaf, and Otto Echler. LaPeltrie, whose home is 21 Bowery, is said to have started across the road and stepped in the path of the car. He was thrown to the pavement and suffered a fractured skull, laceration of the brain and hemorrhage.

Mackey, who had severed his machine to miss the man, was assisted by Charles Gansch who was putting air in a tire at the Willow Tree Tea Room in place of the injured man in the Mackey car and was taken to the office of Dr. Cartwright. LaPeltrie died shortly after at the doctor's office and the body was in charge by Undertaker Hark V. Brienne of Milton. Later an autopsy was performed by Drs. Cartwright, Jacobson and Melish.

Opposing Forces In The Pacific Coast Strike Called For a Showdown

Though The Proposal Failed To Forecast An End to Walkout, It Was Hailed as a Way Out of Crisis.

WALKOUTS EXTEND
Wave of Walkouts Extend To Seattle Where Boilermakers Vote for "Sympathy" Action.

San Francisco, July 15 (AP)—An arbitration proposal gave new hope today to San Francisco and other strike-prostrated bay cities.

The general strike committee called opposing forces in the Pacific coast maritime dispute for a "showdown," voting to arbitrate differences and send all strikers back to work as soon as ship owners agree to recognize the maritime unions.

Though the proposal failed to forecast specifically an end to the general walkout of nearly 100,000 union workers, which has paralyzed the normal service to 1,300,000 people of the metropolitan area, it was quickly hailed as a possible way out of the demoralizing crisis.

The resolution adopted by the committee by a vote of 207 to 150 after seven hours of debate followed a day of increasing tension as 30,000 Eastbay workers joined the walkout and raids and riots struck the region. More than 300 alleged radicals were rounded up by police while self-styled vigilante groups stormed known communist headquarters.

National Guardsmen, in control of the San Francisco waterfront and touring the Eastbay cities in squads, laid hard-pressed police in guarding the beleaguered region.

Increasing evidence of Federal interest in the spreading strike fire was seen as Hugh Johnson, NRA administrator, branded the general strike a "bloody insurrection" in an address at Berkeley and P. A. Donaghue, chief examiner of the new national labor reference board, arrived here by airplane from Washington.

Senator Wagner In Portland
United States Senator Robert F. Wagner, author of the original labor disputes bill, hurried to Portland, Ore., where a general strike threat was held back by a union "strategy" committee pending action he may take.

After his arrival at Portland last night, Senator Wagner conferred with Governor Julius L. Meier of Oregon and said he had no program outlined.

The San Francisco general strike committee's "peace" call came from a turbulent meeting of the members at the Labor Temple at which John A. O'Connell, secretary of the Central Labor Council, collapsed and was taken to his home in a serious condition.

Immediate consideration of the olive-branch offer by waterfront and shipping employers, however, was announced by Thomas G. Plant, their authorized spokesman.

Members of the general strike committee declined to comment on their possible course should the arbitration edict be rejected. Conservative members indicated, however, that they believed the maritime unions, if they refused consent, would lose general strike backing and that the employers, in the event of failure to accept the offer, would lose public support.

Wave of Walkouts Extending
The wave of walkouts extended to Seattle where union boilermakers voted 222 to 45 for "sympathy" action in support of the maritime workers. Seattle machinists voted 75 to 25 for a "sympathetic walkout" by I. A. Sandviken, business agent, said this was five short of the necessary majority.

At Spokane, a boycott on all business with California concerns until troops are removed from the San Francisco strike area was announced by the Central Labor Council through Albert Leslie, secretary.

The police and "vigilante" raids against the alleged Communists in the San Francisco region, brought a promise from District Attorney Matthew Brady that efforts would be made to have all radical aliens caught in the roundup reported.

Dozens of men were injured, four arrested and scores scattered in a street roundup last night which occurred as police attempted to disperse crowds listening to an asserted Communist speaker. The most seriously injured was a bystander whose shoulder was broken as he was knocked down and trampled by the fleeing crowd. The four jailed included two United States soldiers, Royal Grande and Harold Fish, who, police charged, refused to move on.

Belief that strikers may need protection from the fury of citizens unless the mass walkout in the bay region, now in its third day here, is ended was expressed by Acting Governor Frank F. Merriam of California.

Street car service, stopped in the

WAGE WAR TO SAVE "FOOD OF THE GODS"

Plant Disease Threatens Cacao Plantations.

Washington.—The fight being waged to save from a destructive plant disease, the famous cacao plantations of Trinidad, West Indies, bridge into the news an ancient, two-thousand-year-old industry, says a bulletin from the National Geographic Society.

Not only does the cacao bean supply the producers of candies and sweetmeats with a unique and important ingredient and flavoring, but it furnishes the making for a hot beverage, surpassed in world importance only by coffee and tea.

"Chocolate was a gift to man's palate from the Western Hemisphere," continues the bulletin. "Like tobacco, the potato, and a number of other plant products, it was taken back to Europe by explorers soon after Columbus opened the road to the New World, and launched on the way that has led to world markets."

Source of Chocolate. In trade circles today three terms are used: chocolate and cocoa, and cacao. The tropical tree which is the source of chocolate is called the cacao. In its leathery, cucumberlike fruit are cacao pods which contain cacao beans. But when the beans are roasted and ground, and much of the fat is pressed out, the remaining brown substance (ground to a dry powder), is cocoa. If the fat is not pressed out, the darker substance is chocolate.

"Credit for the manufacture of chocolate from the hidden seed of an unprepossessing fruit belongs to the original inhabitants of Mexico. In 1519, when Hernando Cortez invaded that country, he discovered that the cacao tree was widely cultivated. The natives had concocted a drink called 'chocolatl' or 'cacahuatl' from which have come the name 'chocolate' and 'cocoa.' Frothing pitchers of chocolate were served by Montezuma when he entertained Cortez."

"Students of American native customs have estimated that the drink was in use 1,000 years before the arrival of Europeans. According to Mexican mythology the seed of the cacao tree was carried from a New World version of the Garden of Eden into Mexico by Quetzalcoatl, god of air. The fruit, it is related, was a favorite food of the gods. The great Swedish botanist, Linnaeus, christened the fruit Theobroma cacao, meaning in Greek 'Food of the Gods.'"

"Cacao was used as a means of barter and the payment of tribute by the Aztecs and Mayans. A man's wealth was often judged by the number of cacao beans he possessed. In Mexico a good slave could be purchased for 100 beans."

"Its highly concentrated food value, low cost of production, and numerous uses have stimulated cacao cultivation to such an extent that now it is grown in practically all tropical countries."

"As an international commodity, the cacao bean has grown in importance to such an extent that the United States alone, in 1933, imported 474,270,000 pounds, valued at \$15,739,000. The United States is by far the largest consumer, cacao ranking sixteenth in value on our list of imports. Germany, Great Britain, and the Netherlands follow in the order named."

Once a Monopoly.

"For many years the Spaniards of South America and of some of the West Indies monopolized the cacao industry. Chocolate was introduced into Spain by Cortez and his conquistadores about the beginning of the sixteenth century, but the process of chocolate manufacture was kept a secret for almost 100 years. In 1606, an Italian discovered the method of preparation. Shortly afterwards, monks and travelers spread the news throughout Europe. The seventeenth and eighteenth centuries found the popularity of the drink steadily increasing. Cocoa was established in England, as well as on the continent."

"Chocolate, however, was a luxury which only the rich could afford, since it sold for as much as five dollars a pound. Today, good chocolate can be purchased for a few cents a pound, and is consumed in one form or another by millions of people the world over."

"Modern methods of cocoa and chocolate manufacture differ little from those used by primitive people centuries ago. In Mexico, the natives roasted the beans and then ground them between two warm flat stones until a fine paste was obtained. This was sometimes mixed with maize (corn) and flavored with vanilla and spices. The paste was molded into forms desired and allowed to cool. Modern preparation of the commodity is more scientific and thorough, but the principal steps taken are much the same."

Scientists Unearth King

Solomon's Copper Mines

Philadelphia.—Copper mines worked by King Solomon's slaves have been unearthed in the region between the Dead sea and the Red sea by an expedition of American scientists, according to a report submitted to the American School of Oriental Research at the University of Pennsylvania.

Remains of furnaces and buildings, heaps of slag and open veins of copper mark the site of the ancient mines. The period was fixed by Prof. Nelson Glueck, of the Hebrew Union college, Cincinnati, who heads the expedition, through fragments of pottery excavated in the ruins.

Rank of Nobility

In a coat of arms, rank is indicated by the crown, a peculiar form of which exists for every rank of nobility. Helms also indicate rank, since particular forms were assigned to the various grades of the greater and lesser nobility.

Culling Poultry Pays, Says Albert Kurdt

HIGHLAND

Highland, July 18.—Miss Frances Fagan after attending a wedding in Walton last week was accompanied by her father, Mr. Fagan, and her mother, Mrs. Fagan, who remained in the city.

The men of Holy Trinity Church with William Dwyer and the Rev. G. S. Dunne as chairman, have arranged a clambake to be held August 2, at the Highland Hotel. The first service will come at 4 o'clock.

Bentley Brant returned to the School of Forestry near Cranberry Lake on Saturday after a vacation spent at his home here.

James Richards is in camp at Lake Winnetka, N. H. His sister, Catherine, is visiting relatives near Milton.

Mr. and Mrs. Fred Goldfinger of New Hyde Park, L. I., are spending a week with the latter's mother, Mrs. Emma Bradt.

Mrs. A. J. Pratt entertained the Contract Bridge Club on Monday afternoon while Miss Raymond was hostess to the auction bridge group and also entertained Mrs. C. E. Baldwin, Mrs. George Hudson, Mrs. Fred Lewis, Mrs. C. C. Whitaker and Mrs. Franklin Walker.

Mr. and Mrs. Bradford Freer, Mr. and Mrs. D. H. Kurtz, Mrs. Suzanne Decker, Mrs. Emma Davis, Mrs. Mamie Wood, Mrs. Florence Cotant, Mrs. Minnie Terpening, Miss Bertha Dimsey attended the public installation of officers of Imperial Lodge, D. of A., in Saugerties Friday night.

Mr. William B. Taber and Miss Betty Taber returned today from Brooklyn where Miss Taber had been receiving treatment for an injury to her foot.

C. Imbrie Richards spent the week-end in New York.

Dr. Victor Salvatore returned to his office Monday after a two weeks' vacation spent at Beach Haven, N. J., and the Salvatore camp at Greenwood Lake. Mrs. Salvatore and John returned with him while Victor Salvatore is entertaining Fred Swift and Donald Merritt at Greenwood.

Miss Beatrice Hasbrouck has accepted a position in the office of Cyrenia Stackpole at Riverhead, L. I., and left today for there. Miss Hasbrouck graduated from the law department of Syracuse University in June and has since taken her bar examinations in Albany.

Mr. and Mrs. James Smith entertained at dinner on Tuesday Mr. and Mrs. Oliver J. Tillson, Mrs. Fred Lewis, Miss Margaret Coe, Theodore Coe and Miss Raymond.

Mr. and Mrs. Frank Raymond of Mt. Vernon are visiting the latter's cousins, Mr. and Mrs. Nathan D. Williams.

Calvin DuBois of Walton spent the week-end with his sister, Mrs. Jennie Abrams, and Mrs. Abrams returned with Mr. DuBois to remain for two weeks.

Mrs. Gladys Mears drove to Binghamton on Saturday to meet John Relyea, 3rd, and bring him home from the Y. P. B. encampment held at Montour Falls.

Of the local teachers attending the summer term at the New Paltz Normal are: The Misses Rose Symes, Marian Barry, Dorothy Churchill, Mrs. Marcel Martin, Mrs. Gladys Mears, also Miss Catherine Burger.

Mr. and Mrs. Edward Griffin, who had entertained the latter's sister and her husband, Mr. and Mrs. Bleeker, returned Tuesday with them to Summit, N. J., to remain for some time.

Ambulance Call.

The city ambulance conveyed Charles B. Pierce from 228 Greenkill avenue to the Kingston Hospital today.

H. S. JACKSON, Manager

It is very important to cull poultry closely this year according to Albert Kurdt, manager of the Highland Farm Bureau. As a result of the numerous failed attempts to cull poultry in past years, the work of the Farm Bureau cullers will be greatly increased. Mr. Kurdt states that this should be a continuous process. No part of the flock should be left in the yard.

Some poultrymen prefer to have an expert examine the flock during the early part of the season. Instead of trusting their own judgment in picking out the poorest birds for this season, the Farm Bureau directors have again appointed the same expert, who has done the work for nine years, to do paid culling for any poultrymen. Those interested in this service should apply at the Farm Bureau Office in Kingston. The relatively high price of feed as compared to eggs will make culling more profitable this year, than for the past several years, according to Mr. Kurdt.

Sunday School Picnic

Woodstock, July 15.—The Sunday schools of the Methodist and Reformed Churches of Woodstock will unite in a picnic to be held at Fort Smith Park, Kingston, on Wednesday, July 25. The pupils, teachers and others will meet at their respective churches and proceed to Kingston by automobile, leaving at about 10 a. m. If weather is unfavorable the picnic will be postponed until the next fair day.

Christian Endeavor Picnic

Woodstock, July 18.—The members of the Christian Endeavor Society of the Reformed Church went up to Meade's mountain house for a picnic on Sunday evening. In the party were Mr. and Mrs. Frederic Shield, who are spending the summer in their camp adjoining Slab-sides in West Park. Mr. Shield was a friend and classmate of the Rev. Harvey I. Todd and is now principal of a public school in Hackensack, N. J.

Flashes of Life Sketched in Brief

By The Associated Press.

Alphabet History

WYOMING, Pa. — Rep. N. L. Strong, seeking a tenth term in Congress is a Republican which explains his alphabetical history of the United States.

1912, F. D. R.; 1915, N. R. A.; 1918, D. W. A.; 1925, E. O. C.; 1934, D. C. P.

One of the Family

Newberry, S. C. — Tom Ellison missed a mile coin on his farm and played a search.

The last place he looked was in the house—and there was the mile coin in Ellison's bed.

Tom Ellison: "He'd eat at the table with us if we'd let him."

Blue Ribbon Colonels

Frankfort, Ky. — There's not much about getting a commission as a Kentucky colonel—but plenty of blue ribbon.

State records show more than half a million of blue ribbon has been used in honorary commissions since December 8, 1931, when Gov. Ruby Laffoon took office.

The Governor and Lieutenant Governor Chandler have issued 2,764 commission certificates, each with a foot of ribbon.

Dared to Death

Jackson, Tenn. — Eight-year-old James Privett just wouldn't take a dare so when two playmates challenged him to touch a 23,000 volt high tension wire, he grabbed the wire—and was killed instantly.

Trouble in Bunches.

New Britain, Conn. — William Lazar, 16, got into trouble trying to avoid trouble.

He was warned by police against driving without a license, so he decided to tell his car. While he was delivering it to the purchaser, Lazar was arrested for driving without a license.

The court suspended judgment, but assessed Lazar \$3 for the costs of the case—just what he got on the sale.

Indian Golf.

Glacier Park, Mont. — Here's a new one for the golfers:

The nine holes on the course adjacent to Glacier Park Hotel are not numbered, but named after chiefs of the blackfoot Indian tribe.

The names, in order, are: Ah-Spni-wup-el, Lazy Boy, Heavy Runner, Short Man, Stab-by-Mistake, Almost-a-dog, Night Shoots, Bad Marriage and Long Timber Sleep.

Nazi Man.

Chicago — Joseph Pierron, "Nazi" commander whose Storm Troops the police said were unpleasant insects, was sued for divorce by his wife, Elizabeth.

In his role of apartment house janitor, Pierron fought for the Nazi cause, his wife said, by dispatching his "Brown Shirts" to attack anti-Nazi beds.

Besides, she said, he slapped her and was rough in general. Pierron has other charges to face for his wife had him booked on assault charges after the bed-bug episodes.

Cadets To Take Trip

West Point, N. Y., July 18 — All First Class cadets at the U. S. Military Academy will leave here on July 23 at 6:30 a. m. on the Trans-port Chateau Thierry for a three weeks' training course at Fort Benning, Ga., and Fortress Monroe, Va. This is the first trip of its kind to be undertaken to Fort Benning, where it is believed training facilities are much better than heretofore attained.

Lt. Colonel Simon B. Buckner, Commandant of Cadets, will be in charge of the trip.

WOODSTOCK.

Woodstock, July 18. — Mrs. Richard Bronson and Mary Adeline Sommers have joined the shorthand class conducted by Alice Houst.

Yesterday the iron policeman in the village square received its long needed coat of paint, thanks to Gus Schraeder who was seen industriously working on it.

Plate Supper

On Friday, July 20, in Chester L. Roosa's garage, Lyonsville, the Young People's Community Club of Lyonsville will hold a plate supper and dance. The tempting menu will be served from 5:30, standard time, until all are served, after which all may participate in the dancing downstairs. All are urged to attend.

Drinking Water At Premium

WHERE DRINKING WATER IS AT A PREMIUM: The first of many millions of gallons of drinking water, delivered without cost to the consumer by the S.E.R.A., is distributed to thirsty residents of the Imperial Valley, Cal., which is suffering one of the worst droughts in its history.

(Copyright 1934, Wide World Photos, Inc.)

Cuts to 48!

Edited by

LAURA I. BALDT, A.M.

For many years Assistant Professor of Household Arts, Teachers College, Columbia University, New York

3126

Today's charming dress has a very clever slimming waistline and extremely becoming neckline. It's easily made! It seems almost incredible the short time it will actually take you to cut it out and put it together. It's attractive carried out in sheer linen or lawn prints, tub silks, cotton chiffon voile, etc.

The small sum to fashion it is amazing.

Style No. 3126 is designed for sizes 36, 38, 40, 42, 44, 46 and 48 inches bust. Size 36 requires 4 yards 39-inch material.

Send TEN CENTS (10c) in stamps or coin (coin is preferred). Write plainly NAME, ADDRESS and STYLE number. BE SURE TO STATE SIZE YOU WISH.

THE NEW SUMMER EDITION of our PATTERN BOOK features FASHION, BEAUTY and HEALTH.

PRICE OF BOOK TEN CENTS.

Address orders to KINGSTON FREEMAN PATTERN DEPARTMENT, 200 Fifth Ave., New York, N. Y.

IN THE DUMPS— AND THEN SHE SMOKED A CAMEL!

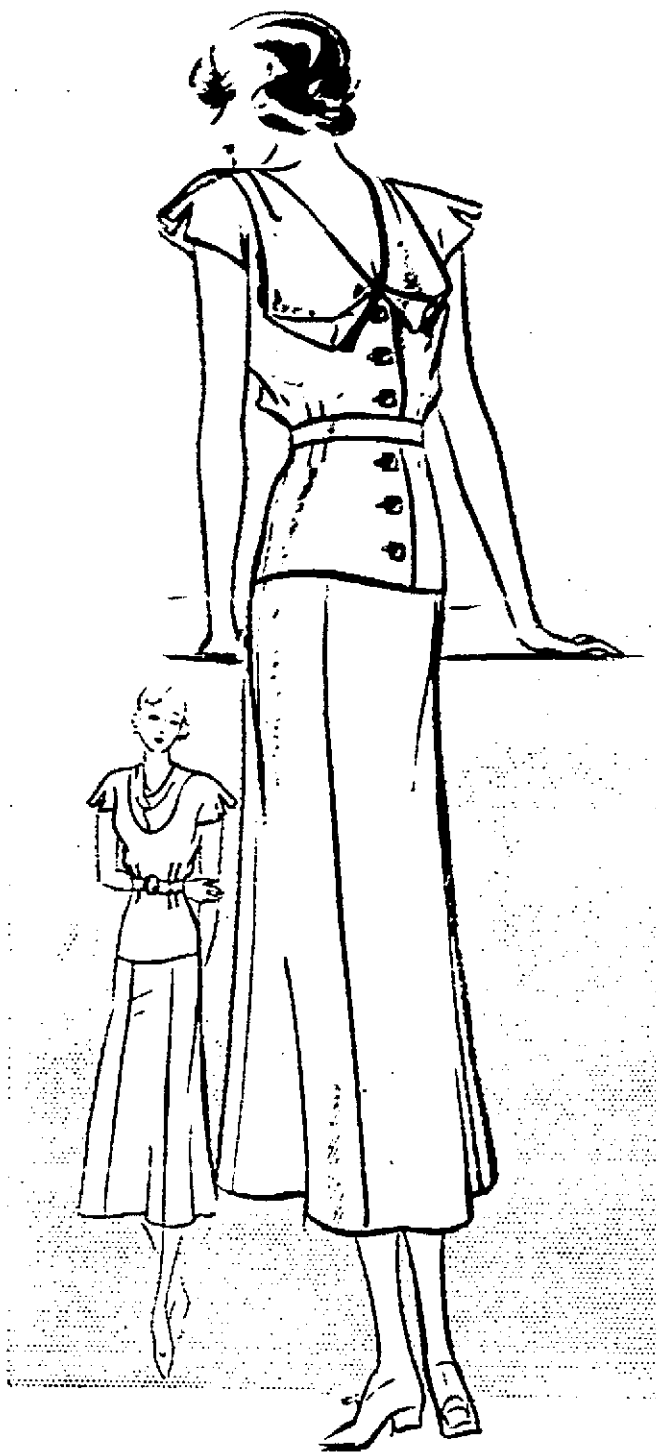

After riding... tennis... work... any time when you're "all in," light a Camel. Smoking a Camel drives away fatigue and irritability... within a few minutes. Enjoy this delightful "lift" as often as you wish! Camels never interfere with healthy nerves, no matter how steadily you smoke.

"Get a LIFT with a Camel!"

Fashions By Barbara Bell

A Spectator Frock With Back Interest

For a torrid day in July what a frock could be smarter than the one shown in the sketch? Besides its very glamorous air of chic it fulfills in several details the inevitable rumors of what to look for in style changes for fall. The trend of the moment is toward slim skirts, two-piece effects, actual or simulated, and trimming interest in the back. This last feature takes the form of cowlled scarfs, button-fastenings, interesting yokes and shapely collars. Two of these details are combined individually in this model, giving the dress a new style stamp quite unlike anything we have seen before. Fundamentally the design is a simple one. The material is a soft yet firm, silk with a mat finish, the sort that drapes as well as it tailors. The neckline is softened by a cowl scarf cut in orthodox fashion in the front, and in the back is divided, each side terminating in a separate, diminutive cowl of its own. The sleeves are made from dropped shoulders, slashed on the edge making the dress as cool to wear as it is to look at. The waistline slips in with the approved line and the skirt has the tight-tipped silhouette that is characteristic of all the new frocks. Adherents of the cotton creed will welcome the news that this dress has been successfully developed in a soft novelty material of the pre-shrunk, anti-crease variety. We have seen it made in white with red bone buttons and a matching belt giving it a piquant note of color.

File Certificates Of Incorporation

Incorporation papers have been filed with the county clerk of Orange County Building for the purpose of the corporation to acquire real estate. The capital stock of the corporation is \$25,000 consisting of 250 shares of a par value of \$100. The principal office of the corporation is in Kingston and the directors are: Nathan Levine of 302 Madison Avenue, Samuel Gold of 174 Green Street, Conrad Robinson of 215 Wall Street and Nathan Feldman of 110 Wall Street.

POSTER CONTEST FOR FLOWER SHOW HELD

The poster contest, sponsored by the Monday Guild of St. John's Church, for the flower show, to be held under the auspices of that organization on September 12, brought forth some very interesting and clever work. The first prize has been awarded to Beatrice Sweeney of 274 West Chestnut Street and the second prize to Raymond Lindhorst of 32 Second Avenue.

Honorable mention goes to Ermin Appa, Raymond Barten, Frank Carpio, Marjorie McNaught, Ernest Warnecke and Christine Warner. Some time in the near future these posters will be on display in a window of the Governor Clinton Hotel and later at various places of business throughout the city.

SHANDAKEN

Shandaken, July 18.—H. Lee Dreithaupt of Phenicia was a caller in this place on Wednesday. Mrs. C. E. Wood and Mrs. E. J. Grattan and Mrs. Ralph Yerry visited Mrs. Gordon Yerry Fox Hollow on Tuesday. Mrs. G. B. Fear and daughter, Audrey, are visiting relatives in Bloomingburg. Flower lovers will be interested to know that the Home Bureau is planning a flower show to be held at Bend-a-Brook, the home of Mrs. I. D. H. Ralph some time the latter part of August. Last year the flood, which occurred on August 26, the date set for the show, prevented its being held. There will be some very nice prizes and it is to be hoped many will join to make the occasion a success. The exact date will be announced later.

Mrs. Harry Miller and son, Kingsley, Mrs. Ward Hummel and daughter, Margaret, Miss "Peggy" Osterhout, Mrs. Willard Gulnick and Mrs. F. M. Cleveland were Fleischmanns visitors on Saturday.

Mr. and Mrs. F. S. Osterhout and daughter, "Peggy," motored to Monroe on Sunday.

Mrs. John Capek of New York is visiting her sister, Mrs. V. F. Bernese, a few days.

Charles A. Wheaton and Don Warren of New York City spent the week-end at their summer home here. The Misses Josephine and Helen Knight have gone on a trip to the Thousand Islands.

Mr. and Mrs. Bayard Cummings of Ridgewood spent the week-end at Max Brickman's Mountain Lodge Inn.

Mr. and Mrs. Earl Holden and son, Richard, made an excursion trip to New York on Sunday.

Mr. and Mrs. William Kelly of Red Hook were guests of Mr. and Mrs. Ward Hummel over the week-end.

Mr. and Mrs. C. E. Wood, Mrs. Emily Grattan, Mr. and Mrs. Ralph Yerry and son, Don, were guests of Mr. and Mrs. James Ford on Tuesday evening.

Mr. and Mrs. Ward Hummel visited relatives in Fleischmanns on Monday evening.

A meeting was held at the schoolhouse on Monday evening to let the contract for shingling the school building. Carl Townsend was the lowest bidder and the contract was given to him.

A Dishfaced Dog
A dog is said to be dishfaced if the depression in the nasal bone makes the nose higher at the tip than at the top.

Tammany's New Chief

NEW LEADER OF TAMMANY HALL: James J. Duelling, 41-year-old district leader and choice of the National Administration for the office, who was elected head of the New York Democratic organization. Mr. Duelling is a lawyer, an ex-soldier and played on the Fordham University football and basketball teams.

MENU FOR TODAY

Menu For Thursday, July 19

Breakfast: Raspberries, Dry Cereal with Cream, Baked Eggs, Bacon, Cornmeal Muffins, Coffee.
Luncheon: Cream of Tomato Soup, Egg Salad Sandwiches, Sliced Peaches, Cookies, Tea.
Dinner: Fruit Cup, Baked Lamb Chops, Baked Stuffed Potatoes, Green Peas, Lettuce and Cucumber Salad, French Dressing, Blueberry Pie, Cheese, Coffee.

Cornmeal Muffins

Three tablespoons of sugar and 2 tablespoons of melted shortening mixed. Add 1 beaten egg, sift 1 cup flour, 1 cup cornmeal, 2 teaspoons cream of tartar, 1 teaspoon soda, 1 teaspoon salt. Add alternately with 1 cup milk. Bake in gem pans in moderate oven.

Toasted Egg Salad Sandwiches

Use 1 hard-boiled egg for each sandwich. Chop egg fine and season with salt. Mix with mayonnaise. Butter as many slices of white bread as wanted. Place a crisp lettuce leaf on one slice and about 3 heaping teaspoons of egg mixture on the other side. Press firmly together and fry on both

sides in very little butter until a golden brown. Serve at once.

Blueberry Pie

Two cups blueberries, 1 1/2 cups sugar, 2 tablespoons molasses, pinch of salt, 1 tablespoon cornstarch. Bake a delicate brown and serve hot with cheese.

BUSINESS CERTIFICATES

FILED WITH COUNTY CLERK

John Cassimatis of 56 John Street has filed a certificate with the county clerk certifying that he is conducting a business at 56 John Street under the style and name of New Plaza Restaurant.

Peter Zegel, Jr. of Rosendale has filed a certificate stating that he is conducting a business in Rosendale under the style of Zegel's Casino.

Young Gee Fong of 304 Wall Street has filed a certificate under the assumed name law stating that he is conducting a business at 304 Wall Street under the style of Kingston Tea Garden.

Joseph Yerry of 121 Clinton Avenue, Harry Schryver of 74 Abruyne Street and John Miller of 133 St. James Street have certified to the county clerk that they are conducting a painting business in Kingston under the name and style of Joseph Yerry.

BLOOMINGTON

Bloomington, July 18.—Young People's meeting at 7 o'clock this evening. Violet Smith, leader. Topic: "Books: The Best Book I Have Read This Year." Ecclesiastes 12:12. Acts 19:19. Prayer meeting at 8 o'clock.

The Rev. J. B. Steketee of Kingston preached an interesting sermon Sunday morning to the congregation. Also, he will fill the pulpit again on Sunday morning, July 22, at 9:45 o'clock and Sunday school directly after, to which an invitation is extended to everyone.

Mr. and Mrs. Nick Sauer, who spent the last week in their city home at Whitestone, L. I., came here again to their cottage on Saturday.

Miss Jane DuBois and father, Nathaniel DuBois, entertained callers on Sunday evening.

Miss Mary E. Dodge of New Jersey spent a few days here with Miss Florence Relyea last week.

Edward Diedolf paid a short visit to the city over the week-end.

Mrs. Frances Conroe of Mohonk Lake spent the week-end with her father, James Hotelling and family.

Mr. and Mrs. Benjamin Stokes of Pleasant Valley are spending their vacation with their aunt, Mrs. Amelia Bush at "Sand Burr Farm."

Miss Mabel Hyde, who has a position in New York City, spent the week-end with her mother, Mrs. Harriet Hyde.

Mr. and Mrs. Henry Hummel and family spent Sunday afternoon with friends in Big Indian.

Mr. and Mrs. L. Terhune entertained friends from Stone Ridge on Wednesday of last week.

J. Bell of Whiteport entertained some of his relatives from the city last week.

Mr. and Mrs. William Hoffman are entertaining some friends from the city.

The I. H. M. Bible Class will meet at the home of Mrs. N. Sauer on Thursday evening at 8 o'clock. There will be a brief business meeting followed by a social hour. All members are requested to be present.

John Caffuzi of New York City visited his wife and sister for the week-end at their summer cottage.

George L. Lefever, who has been quite ill and generally in poor health for the past few weeks, is slowly improving at this writing.

Mr. and Mrs. Fred Hoffman of Kingston called at the Hoffman home here on Saturday afternoon.

Mr. and Mrs. Herbert Barton and daughter, Edna, and son, DeWitt, who spent a week here with her mother, Mrs. Frances Smedes, returned to their home in Glen Rock, N. J., on Sunday morning. Gordon Relyea accompanied them and they all motored down in Gordon's car. He expects to spend some time again in Glen Rock, N. J.

Mr. and Mrs. William Schumacher and Miss Marion Hoer and brother, William Hoer, and some other friends from Brooklyn were the guests of Miss E. Zuehl recently for a few days at her cottage.

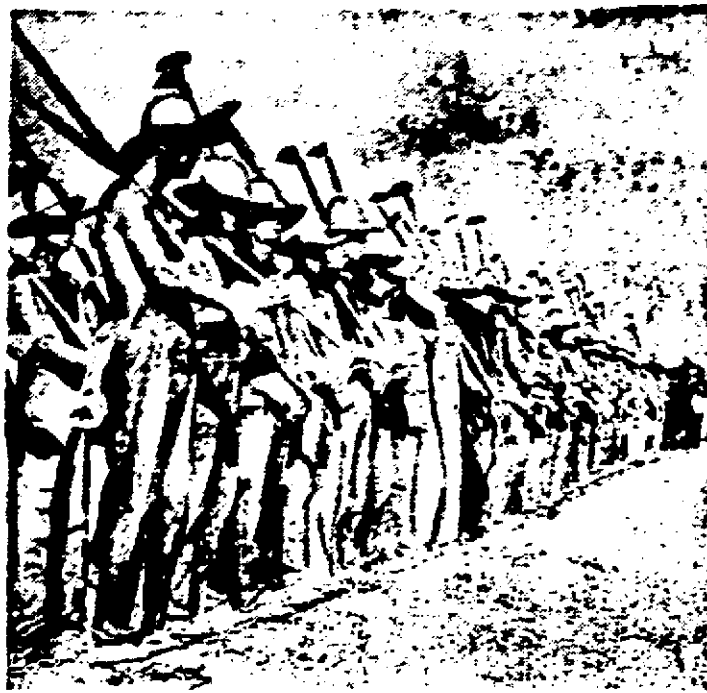

Miss Evelyn Newell spent the week-end at her home here.

Mr. and Mrs. Ernest Grate and family are entertaining friends from Jersey City for a few days.

Mrs. Snyder Inherits.

New York, July 17.—(Special).—Mrs. Adeline H. Snyder of Rosendale inherits about \$640, representing one-eighth of the residue of the estate left by her mother, the late Mrs. Mary Agnes Hale, of Brooklyn, according to the findings of the New York State Transfer Tax Department filed here today. Mrs. Hale died in Brooklyn February 10, leaving an estate appraised today at \$3,922 gross value and \$5,102 net. Several other children also receive one-eighth each.

Mules Replace Prisoners

PRISONERS SHOULDER THE HOES AS MULES REPLACE THEM AT THE MACHINES: Convicts at the Tucker Prison Farm in Arkansas await the command to break ranks and follow the mules in the cotton fields which were turned over some months ago by man-drawn ploughs in the absence of animal labor.

I COULDN'T FALL OUT OF LOVE WITH YOU —

Dorothy's secret makes honeymoons last forever

DOROTHY is the most adorable young wife—she always looks charming! Yet she spends very little on clothes. Tom's salary is small.

"I buy inexpensive frocks that are dainty and colorful," she says. "Then I keep them crisp and new looking with Lux. Why take chances with ordinary soaps that may fade colors, shrink wool things, leave clothes cloudy and drab? I never do—I always use Lux."

Was Dorothy—she always read admiration in her hus-

band's eyes! So will every wife who keeps clothes exquisite with Lux. Lux has none of the harmful alkali ordinary soaps often have and with Lux there's no injurious cake-soap rubbing. Safe in water—safe in Lux!

Spectroscope Can Also Forecast Death

CAMBRIDGE, Mass., July 18 (AP)—The spectroscope, which records the color and the decay of stars, can also forecast the approaching death of man.

A spectroscopic death curve, which indicates a human death more accurately than the physician's, was described today to the Massachusetts Institute of Technology Spectroscopic Conference, which is meeting here this week to discuss both practical and scientific uses of this instrument.

The report was made by M. Leconte De Noy of the Pasteur Institute, France. M. De Noy mailed his paper to Professor George R. Harrison, chairman of the conference.

The death curve was found in a spectroscopic examination of human blood. Spectroscopic curves are like city skylines, such as New York and London, which reveal wide architectural differences.

Similarly the Pasteur Institute scientist and his colleagues have been studying the structural nature of blood.

Only the serum or else the plasma, both colorless substances, were used. Although this portion of the blood appears colorless to the eye, it has considerable "color" in the invisible ultra-violet light. This unseen color shows its presence by absorbing some of the light which is passed through the plasma or serum into a spectrograph.

The absorption shows as lines on the spectrograph and these lines are used to plot a curve of the blood.

"The curves," M. De Noy's report states, "show remarkable constancy, whether man, horse or sheep serum is used."

"Alterations in the curves must correspond to very deep chemical modifications affecting the chromophoric (color) elements which belong to very stable chemical groups."

"We predicted a man's death, which followed in 24 hours. He was partly paralyzed, owing to a malignant tumor of the spine, with metastases in the lower jaw, and urinary infection. He was expected to live, however, for many months."

The WORLD of STAMPS

Chinese Stamps

The Chinese government began using stamps in 1878. From the first, Chinese stamps were very interesting. Of course, some of the designs seem very strange to us, but that is one of the things that makes stamp collecting such a fascinating hobby. All Chinese stamps carry the same inscription in English and Chinese, so they are very easy to recognize and classify. Pictures of animals in curious designs, are featured on many Chinese stamps, dragons and birds being very frequently used. One recent stamp features the famous Great Wall of China with a flag flying from one of the watch towers. This is a one-cent brown stamp.

One very pretty stamp illustrates a man working in a rice field. This adhesive is issued in a 15-cent red and a 20-cent blue denomination. The Chinese postage due stamp is very small but the express letter stamp, to balance matters, is unusually large, being two and one-fourth inches long and two inches wide. This is white with green leaves and vines, and a flying bird in the center. In each corner is a star.

Temple are also used frequently on Chinese stamps, as in the one illustrated. Recent stamps have been issued to commemorate the republic and the men who made and rule it. Most of these stamps are rather large oblongs.

One of the few Chinese scenic stamps is an attractive picture of a Chinese boat.

Brazilian Commemorative
Brazil is expected to issue a commemorative shortly for the 400th anniversary of St. Anchieta, who is supposed to have been the first person to preach the gospel in Brazil.

New Austrian Series
A very interesting and picturesque series of stamps is being issued by Austria. Each stamp in the series will picture a native of one region. The sections honored will be Burgenland, Karnten, Niederosterreich, Salzburg, Steiermark, Oberosterreich, Tirol, Vorarlberg, and Wien. The colors have not yet been announced. Some of the stamps will carry a woman's or a man's head, one illustrates two men, one a man and woman and one shows a very charming family group, husband, wife and baby. Altogether, this is a very charming and instructive series.

Norway's New Stamp
Norway has promised a special series of stamps for the 250th anniversary of the birth of Ludwig Holberg, noted Norwegian dramatist. A number of festivals have been planned in his honor throughout the country.

Air Mail Set for Yugoslavia
Yugoslavia's new air mail set is expected to appear shortly. Printing will be limited to 300,000 stamps of the low values, and 150,000 stamps of the higher issues. The stamps will carry picture of Ragusa, Oplenac Church, Lake Bled, view of Mostar, and Jajce Falls.

Growth of Philately
The increasing popularity of Stamp Collecting as a hobby was shown in a recent report by Postmaster General Farley. This report disclosed that sales at the philatelic agency of the Post Office Department during the year totaled \$311,723 against \$302,619.54 the previous year.

The number of orders filled was 96,614. During 1932-1933 the orders totaled 36,185.

COMPLAINS OF ROAD BETWEEN MT. TREMPER AND PHOENICIA
Editor of Kingston Daily Freeman—Kingston, New York.

Dear Sir:

May we as property holders and consequent taxpayers in the village of Phoenicia, call to your attention the deplorable condition that exists and has existed for the past ten days on Route 28 between Mt. Tremper and Phoenicia. The business places between these two points are isolated, some of them having been forced to close down entirely. One of our places, The Phoenicia Garage, is located between these two points and we who must rely mainly on the business done during the months of July and August find ourselves cut off entirely from traffic. Not only we who have our places of business on this particular part of the route are suffering from this loss of business but all business firms from Kingston and Oneonta are feeling this tie up of traffic. The detour which extends alongside the mountain on what is called the "Back Road" was in deplorable condition before any of the main traffic was routed over it. Now, it is almost impassable in spots. At many points it is impossible for two cars to pass and it is a miracle that there has not been a loss of life considering the conditions of this road at certain points.

We of course do not know who is responsible for the use of the materials being used such as the tar binder, etc., but it certainly seems that a material could have been used so that at least one way traffic might have been maintained. Instead of that the road is completely blocked from daylight until dark when 90 per cent of the traffic is moving. If this condition is to be forced on us why cannot an adequate force of men be employed to proceed with this work in the quickest way possible? If the work continues as it has in the past ten days we shall have this condition with us all summer.

We sincerely hope that the taxpayers will wake up and if necessary take the proper steps to see that relief of some type is secured at once. Very truly yours,

H. C. SECKLER.

ZENA

Zena, July 18—Last Thursday friends and neighbors gathered together and tendered the newly married couple, Mr. and Mrs. Alexander Klemm, a good old fashioned dinner. The crowd, which numbered over 50, had along every conceivable noise making implement and surrounded the house. Ever long the bride and groom presented themselves and invited the newcomers in. As the Klemms' home-stand could not hold all the persons present, the group went across the road to the Zena Country Club rooms and it was not many minutes before there was a party in full swing. A punch bowl was immediately improvised and filled with good old fashioned fruit punch and later ice cream and cake was served. Dancing to the music of Floyd Simmons' violin and Olga Lynch at the piano. Card playing was also enjoyed by all. It was midnight when all departed wishing Mr. and Mrs. Klemm a long and happy married life.

Sunday school and services in the Reformed Church were both splendidly attended and the Rev. J. Heidenreich preached on the subject "Why Do the Good Suffer?" and the young ladies' choir sang "The Best Friend to Have is Jesus." In the evening the Christian Endeavor held its meeting under the leadership of Julia Thaisz. After the meeting they all went to the home of the Rev. and Mrs. Heidenreich and had a very pleasant evening.

The Zena Country Club Players are busy making their final arrangements for the presentation of the three-act comedy "Prof. Nonsense," to be presented at the Zena Country Club on Friday and Saturday evenings, July 27 and 28. The fun begins when Bill, the son of Mr. and Mrs. Love, comes home from college to spend his summer vacation and brings one of the professors with him. The professor, a bugologist, and very girl shy, has quite a time when he discovers many girls at the Love home and everyone falls in love with him.

Fred Thaisz and Mrs. Louis Hibyan motored to New York Sunday returning the same day bringing with them Mrs. Thaisz and Julia who had spent the week visiting friends in the city.

Helen Long spent the week-end with her grandparents, Mr. and Mrs. C. Pierson, of Flatbush. Mr. and Mrs. L. Long motored down to Flatbush Sunday afternoon and brought Shirley and Virginia Long from Kingston, who will spend the week in Zena.

Mrs. Vale Clark and daughter, Dorothy, Mrs. Robert Baylor and son, Robert, Jr., and Miss Anne Reinhold are spending an indefinite time on the Tichenor Chestnut Hill

Farm. Mr. Tichenor was up for the week-end.

Thursday evening the young folks of the Christian Endeavor had a social evening at the church hall. A Hobo Convention. Other young folks had been invited and a genuine good time was had by all. Refreshments were served later in the evening.

John Carle had visitors over the week-end. Mr. and Mrs. Floyd Simmons and Mr. and Mrs. A. Klemm motored to Pennsylvania Saturday, leaving at 6 p. m. to visit their uncle and aunt. Mr. and Mrs. Klemm, and family. The young folks returned Sunday night.

Mr. and Mrs. Clark Sherman, with son and daughter, left Zena Saturday to spend a few days with Mr. Sherman's mother in Keokuk, Iowa. Charles Cartright spent the latter part of last week with his aunt in Newburgh, the Misses Nellie and Carrie Cartright.

The Rev. John Heidenreich went to New York and New Jersey last Wednesday, returning Friday night. He motored down with Mr. and Mrs. Tomer and party, who came up for the ordination of Mr. Heidenreich.

Walter Bronson of Pennsylvania has been visiting his brother, Richard, and family, the last week.

Mr. and Mrs. Edmund Brown from St. Louis and Mr. and Mrs. Robert Brown from Cleveland, O., are spending some time with Bolton Brown.

The Celentano string quartet are giving a concert Thursday evening in connection with the picnic of the Historical Society of Woodstock at the Shady Church grounds. The quartet, composed of Messrs. Celentano, Tavelli, Sissman and Tannenbaum, are occupying the Varney Cottage "Woodstock" for the summer. The boys have already gained a reputation among Kingston and Woodstock music lovers.

Serious Blaze Prevented

Marlborough, July 18—The home of George Shortt of the North Road was saved from serious damage on Sunday evening when an oil burner exploded in the cellar causing a blaze that burned two or three rafters. The local fire department was called out and it required only a few minutes' work on their part and the fire was under control.

GOLDEN SUNSET LODGE ATTENTION!

Golden Sunset, Lodge No. 237, L. A. to B. of E. T. All sisters are hereby notified that the regular meetings in July and August have been discontinued.

The Great Restorer

NATURALLY, you want to give your children the benefit of all you've learned about keeping well and fit.

Then spare no effort in getting them to drink more milk! Because milk has practically all of the elements the body needs. It supplies fuel to active children. It helps make boys and girls sturdy and strong. Gives them an edge on youngsters whose parents don't give them enough milk.

All their lives, they'll never get better food-advice than this: Drink more milk—it's good for you!

IN SIX MONTHS

A record-breaking demand has sent Chevrolet production to its highest total in four years

SINCE January 1st, Chevrolet has produced more than half a million cars and trucks. This tremendous total has broken all Chevrolet records for the last four years. And here is the reason behind it: No other manufacturer has so much to offer as Chevrolet.

Chevrolet is the only low-priced car to give you patented Knee-Action, and only patented Knee-Action gives you shock-proof steering com-

bined with the new jolt-proof gliding ride. Chevrolet alone in its field provides Fisher Bodies with genuine No Draft Ventilation—the safest and most comfortable bodies built today. No low-priced car but Chevrolet has safe, sure, cable-controlled brakes, the sturdy Y-K frame, and a dozen and one other important features. Do you wonder that the trend is to Chevrolet?

Let these features guide you when you buy your low-priced car. Don't accept anything less than all of them. Save with a Chevrolet.

NEW PALM

New Palm July 18.—Mr. and Mrs. and daughter of Main street, returned from a trip to the coast, and arrived at their camp at Lake Charlotte Sunday.

Mr. and Mrs. Eugene Reilly, of the United States Navy, and Mrs. Fulton of San Diego, Cal. last week.

Mr. and Mrs. Walter Gladding and family of Richmond Hill are visiting her brothers, Ivan and John Ostrander.

Mrs. Otto Nichols of Eltinge avenue celebrated her birthday on Monday with an afternoon tea given by her daughter, Miss Gertrude Nichols.

Joseph B. Pitts and father, George W. Pitts, of Newburgh were in town Tuesday.

Larry Osterhout is at Chenango Camp for boys at Cooperstown acting as counselor at the camp.

Mrs. Martin Lee DuBois entertained the Dutch Guild at its meeting at her home Thursday afternoon.

Miss Harp, Jr., and Henry Freer, attended the ball game at the grounds in New York city on Tuesday.

Miss Marion Harp and Mrs. Vincent Lyons were Poughkeepsie visitors Sunday.

Mrs. Frank LeFevre was hostess to the N. Y. C. Club last week.

Mrs. L. Gaffney entertained Mrs. Marks and children and Mrs. Hannigan of Marlborough Thursday.

Margaret Layton of Huns Lake, Frances Ferris of Bangall, Gertrude Deane and Marian Hall of Stanfordville are attending summer school at the Normal.

Mr. and Mrs. Robert Palmer of Otisville entertained Mr. and Mrs. Frank Palmer of Yonkers a few days last week.

The Misses Marguerite Mason and Paula Mannis of the Beacon High School faculty are taking summer courses here at the Normal School.

Mrs. Charles Smalley of Lloyd, called on her aunt, Mrs. M. E. Folter, Thursday evening.

Mrs. Blanche Wagert, Mrs. Olive B. Forbes, Miss Christina Shook, Mrs. William B. Nickles and Miss Elizabeth Shelley of Red Hook are taking a course at the summer school session at the Normal.

James Krom is employed at Mountain Rest for the summer.

Mrs. H. McCormick visited friends in Plutarch one day last week.

George Wicks, Jr., is enjoying a vacation at the boys' camp in Kingston.

Mrs. Jay Zimmerman has gone to Danville, Va., where she will visit her mother.

Mrs. Lanetta E. DuBois spent Sunday, July 15, with Mrs. Brainerd Hull at Elberon, N. J.

Mrs. Frank Allen of Wurts are.

HOLLYWOOD IN PERSON

By

Mollie Merrick

Copyright, 1934, by The North American Newspaper Alliance, Inc.

Hollywood, Calif., July 17.—Young Peter Trent, brought from Lumberton to Hollywood as a prospect for David Copperfield, isn't much nearer to it now than he was when it was Lumberton town.

Then there's that Hollywood actor, very much in love and about to propose, who has set aside a definite sum for the alimony settlement. He's been through the mill twice (matrimonially speaking), and he says a man shouldn't marry unless he has the price of a good divorce in the bank.

Lack of alimony, he says, causes most of man and woman trouble.

"The Merry Widow" cost a million and a half. The most heavily worked juvenile in pictures is the small Shirley Temple, who suddenly found herself putting over a lot of films that would otherwise have gone smash—and have producers howled for her services!

She's getting a much needed rest right now. The laugh of the moment comes from a conversation reported to have occurred between Charles Laughton and Cecil B. DeMille after the preview of "Sign of the Cross." During the making of the picture Laughton asked to be allowed to give his own version of Nero. DeMille agreed. The morning after the preview he is said to have rung Laughton: "Charlie," in a sad tone, "I let you have your way, but I'm sorry to say they laughed at you!"

Ann Sten signs new contract. She has been under contract to Sam.

William Weiler is a great hand for songbook concerts. And Francesca Braggiotti Lodge's dancing in the Hollywood Bowl will be talked of for many a day. They keep tuning the dancing shoes on Hollywood sets, since they all must strike the same note of note or there is trouble.

With numbers of girls looking it out of two kiddies answering the ads for little folk for "David Copperfield," only six had correct accents. Others were either Americanized or thoroughly Cockney. They had a hard time singing "Treasure Island" to get the clink of gold coins so they petitioned the Treasury Department to allow someone to stir up a sackful of 'em while the boys needn't have taken the trouble to sing it.

When Wilbur Claude Fields arrived very late on the set (other morning, he handed Director Norman Taurog a written excuse from Tammany Young. There is a rumor that the Caricoa will be replaced by the Carlo—and some of us are just getting out of the Tango and into the Kumba.

One of our pretty leading ladies, having a bad session in a local sanatorium, is laboring under the obsession that she is an agent. She rings countless people, giving them a very persuasive sales talk on the ability she has to place them under contracts. Most of our famous ones

At The Theatres

Today

Kingston: "Great Flirtation." All about actors and actresses, their struggles, troubles, triumphs and loves, and the story carries from Europe to America before all is said and done. An actor is the idol of Budapest, but after marrying, he comes to America and goes down hill while his wife becomes famous. Adolphe Menjou, David Manners and Elissa Landi head the cast.

Orpheum: "The Constant Nymph." Emotional Drama about the children of the mad composer, Sanger. It is a finely drawn bit of work, moving and interestingly acted. The story concerns the daughter of Sanger, who is in love with a young musician, and Virginia Hopper and Brian Aherne do excellent work in the featured assignments. The rest of the cast is English.

Broadway: "Glamour" and "Keep 'Em Rolling." The opening feature will appeal to all those who like intelligence and good taste in their talkies. It is the story of a small town girl, a chorine, who annoys a theatrical composer so earnestly that he finally gives her a part in his show. She also causes him to fall in love with her. They marry, and a poor girl finds everything given her she had ever dreamed of wanting. Her love for her husband wanes, and she looks for youth and romance. She finds it in a handsome but unknown singer. She leaves her husband and devotes her life to making this new lover a success. He becomes one, and forgets her as other women seek his favors. How the ending turns out is unusually well done. An excellent cast includes Constance Cummings, Paul Lukas and a new screen find, Phillip Reed. Worth seeing. "Keep 'Em Rolling" is the second feature with Walter Huston and Frances Dee.

Tomorrow: Kingston: Same. Orpheum: Same. Broadway: Same.

On The Radio Day By Day

By C. E. BUTTERFIELD.

Time is Eastern Daylight.

New York, July 18.—Start of the U. S. Army's mass flight of ten Martin bombers from Washington to Nome, Alaska, is planned as a half-hour broadcast by WABC-CBS Thursday morning.

Included is to be the bon voyage of Gen. Benjamin D. Foulois, chief of the Army Air Corps, and the response of Lieut. Col. H. H. Arnold, in command of the flight. The broadcast will open at 10:45. NBC also expects to be on the air.

Announcing New "year-ahead" STUDEBAKERS

NEW SKYWAY STYLE • NEW BENDIX POWER BRAKES
NEW COMFORT AND LUXURY • IMPROVED PERFORMANCE

AS LOW AS

\$695

AT THE FACTORY

New "year-ahead" Land Cruiser—a super sport model available on President, Commander and Dictator chassis

STUDEBAKER, sponsor of speedway stamina and skyway style, announces new cars that are easily a year ahead in style, performance and advancements.

In these brilliant new cars, Studebaker safeguards your ride with the super-safety and instant toe-hip action of Bendix Vacuum Controlled Power Brakes in all models—even in the new Dictator listing as low as \$695!

These big, luxurious new Studebakers bring you dramatic new "year-ahead" skyway style. Their bodies of steel reinforced by steel are gorgeously fitted, finished and upholstered. And Studebaker's famed Quadrupole Suspension scientifically cradles the action of all four wheels. Drive one and see how its sparkling pick up, power and smoothness show up every car you've known. Prices are \$145 to \$620 lower than a year ago.

THE

GREAT FLIRTATION</

WEST SHOKAN

West Shokan, July 14.—Quite a large number of local and out-of-town people took advantage of the beautiful cool Sunday and attended the Community Church service. Mary Davis and daughter, Mary, sang "Under His Wings" as an offering selection. With Miss Davis assuming her former duties as organist. The Reverend Mr. Andrews delivered a well chosen and appropriate address on the topic, "I Have Enough" which alludes to the life of Elijah the Prophet. At the close of which he asked Miss Davis to come forward and address the audience for a few minutes. Later the congregation rose and sang "Blest be the tie that binds," after which the benediction was pronounced.

Red tier lilies, golden rod, and queen Anne's lace give indications that midsummer is here. Blackberries are quite in abundance and local huckleberries are ripening, although somewhat scarce.

Mrs. Sylvester Jones of West Shokan heights is ill at her home with a severe summer cold.

Many west side residents will be pleased to learn that according to current report Dr. John Cosgrove, Shokan physician, has rented the fine boulevard property at Broadhead owned by LeGrand D. Bishop and will take possession August 1.

Mrs. J. Gaylord Ayers the popular Broadhead district school teacher underwent a serious tonsillotomy Sunday night at Benedictine Hospital, Kingston. It is expected she may have to remain there for several days.

Mr. and Mrs. Steward Bell and daughter, also Mr. Porrell of Poughkeepsie are being entertained for a ten days' stay at Sunrise Cottage, North Main street heights, by the hospitable hostess, Mrs. Francis Bell.

Miss Marian Davis, now at St. Luke's Hospital senior nurse, came home on her vacation Friday afternoon from New York city in company with Prof. and Mrs. Arthur Condon.

Martin J. Every, progressive Traver Hollow farmer and turkey rancher, started cutting hay on the old homestead meadows on Monday.

The Cavanaugh family is making their annual summer stay at the attractive bungalow, "The Manse," occupied by the owners, Mr. and Mrs. Edmund C. Burgher, as their winter home.

Mrs. Morton Roe of West Shokan heights, seriously ill last week with summer grip, is much improved.

Verne Carney, former prominent Boiceville CCC camp member, now employed in Saugerties, was entertained as a week-end guest at the home of a friend.

Mr. and Mrs. Sam Wattell, annual summer residents, are occupying the Colanese residence at North Main street, formerly rented by William Gademian, now proprietor of Bush-Kill Inn.

Miss Helen Thompson, member of the recent Kingston High School graduating class, now employed in a traveling position as private secretary and stenographer to a prominent advertising executive, spent Saturday and Sunday at her home on Main street.

Mr. and Mrs. Charles Barber of Main street are entertaining a lady relative from Texas.

Larry Kelder, with his brother-in-law, Emmet Kittell, of East Orange, N. J., were entertained on a week-end trip at the home of the former's mother, Mrs. Addie Kelder, and brother, Raymond, at West Shokan Heights.

Miss Mavis Miller of Broadhead Heights and friend, Miss Ella Nichols, of Olive Bridge were afternoon callers here on Monday.

Mr. and Mrs. Benjamin Burgher of Mt. Tremper visited his mother, Mrs. Ole Burgher, and sister, Miss Ollie, at West Shokan Heights on Sunday.

Not until the drill had been sunk to a depth of 175 feet, was a sufficient vein of water tapped in the well driven at the Traver Hollow Inn by Robert Stoutenburgh.

The week-end shower period failed to provide much in the way of valuable rain. Although continuing dry the chance to cooler weather is a pleasing chance to everyone.

Arnold Shultz, who recently underwent an emergency operation for appendicitis at Benedictine Hospital, is now on the way to recovery, after returning home at Mr. and Mrs. Egbert Van Kleeck's at Broadhead.

Assemblyman Lee D. Muller of Newburgh with his mother and a party of friends is occupying their bungalow in the Traver Hollow colony group. The assemblyman is now attending the special session of the state legislature.

The altar boys of the Holy Name Church of Wilbur were entertained for the day and an evening campfire outing at Father Scully's Mt. Tremper camp on Wednesday.

Miss Edna Gessner of Olive Bridge was entertained Sunday evening at dinner among friends at West Shokan heights.

There were among Sunday out-of-town visitors a group of former summer boarders for many years at Mrs. Watson Bishop's, namely Mr. and Mrs. Henry Gebel and family, late of New York city, now residing in Ridgewood, L. I. The daughter, Elmer, now Mrs. Grant Howard, of Cairo, is the mother of a baby daughter, Elmer.

EGYPT TO DEVELOP ITS HOME INDUSTRY

Machines Will Replace Hand Cotton Looms

London.—Egypt, part of the empire has been the scene of a drive to develop its home industry.

In many cases the handloom hand looms which have been used from time immemorial to weave Egypt's fine cotton into cloth are being replaced by modern machinery. The object is to enable Egypt to supply the type of cotton best suited to Egyptian needs.

In spite of comparatively cheap labor, which can be obtained in Egypt, the government has found it necessary to put a tariff on all imported cotton goods.

This is said not to affect British goods, which because of their grade and price are not suited to the Egyptian market. It is aimed primarily at Japanese competition.

The Japanese, it is stated, are producing exactly the grade of cotton material required by Egypt at a price which, despite the expense of transportation, makes it impossible for even comparatively cheaply produced local cotton to hold its own. Hence the expansion of the local industry.

Enormous progress in the industry is reported. For the moment efforts are being made merely to make Egypt self-sufficient insofar as her cotton good needs are concerned. Eventually it is hoped to be able to export Egyptian-made cotton to Egypt's neighbors, which are great cotton users.

Pakistan, Iraq and Arabia are situated geographically so as to make it more to their advantage economically speaking to buy Egyptian cotton if available. Apart from the fact that the Egyptian cotton has a reputation for unequalled fineness, it is considered that Egyptians are better able to produce the type of goods required by their neighbors than other nations.

The value of agricultural land, already said to be among highest priced areas in the world, is rising. Already scarce, it is becoming scarcer on account of industrial development. The country, officials say, is on the verge of enjoying an unprecedented boom. Comparative freedom from political trouble at the moment is aiding in the process.

Chinese Personal Card Miniature "Who's Who"

Peking.—Chinese social etiquette usually is far more elaborate than customarily observed by Occidentals, and in their use of name cards the Chinese of the upper classes have developed a system representing no mean improvement on Emily Post.

Western etiquette calls for the austere simplicity of a single, unadorned name on a bit of pasteboard. Perhaps a degree, or a title, or a single designation of some kind is permissible. But on the whole the average card offers singularly little information concerning his antecedents and his connections.

On introduction two Chinese will bow and on the upswing pull out their card cases and meet with hands in midair. Two little, or sometimes large bits of white cardboard being exchanged.

A typical card will most prominently feature the family and given names. In small ideographs alongside will be the holder's one or more courtesy names, which it always is necessary to use if one wishes to be exceedingly polite. The card also will tell of the province and district from which the new acquaintance hails. This is regarded by the Chinese as vitally important information. Acquaintances happening to come from the same province or district are entitled to special consideration and unusual courtesy. This information also furnishes the clue as to what dialect should be used.

Prairie Chicken to "Come Back"

Marion, Ohio.—The prairie chicken, native of the western plains, soon may be hunted as game in Ohio. This possibility arises from a test in this area which indicated that the bird can be propagated in this region.

Ducks Take Over Hen House

Bluestone Junction, Va.—Two wild ducks have taken charge of the hen house of W. C. Schreiner here and are laying in a hen's nest.

Profile of Christ Is Found on Cliff

Tallulah Falls, Ga.—A camera has revealed something on the wall of Tallulah gorge that human eyes never had detected—a stone face in which many painters' conceptions of Christ.

The photograph was taken quite casually with no thought it would show more than the usual panorama of gaping chasm and sheer precipice.

The discovery was made by Judge Ernest C. Koon, of Atlanta and C. N. Crocker, bridge engineer of the Georgia highway department.

"When the negative was developed," Judge Koon said, "we found something we had not noticed at the time, a well defined profile closely resembling that of the Savior as we have come to know it through the paintings of the world's greatest artists. One can even find a suggestion of the crown of thorns."

Get Vitamin In Natural Foods Like Milk, Fruits, Vegetables

Commissioner Baldwin Shows Importance of These Substances—Tells Where They May Be Obtained

By CHARLES H. BALDWIN
Commissioner, Department of Agriculture and Markets
Albany, New York

WE are constantly referring in these articles to vitamins, those mysterious substances so important in our diet.

What are vitamins? Frankly, we do not know. But we do know that without them neither man nor animals can live; also, that they are present in the natural foods.

We know that chemical analysis shows that foods are mainly composed of protein, fat, carbohydrates, minerals and water. It is possible by combining these substances in the proper proportions, to produce a synthetic milk, similar in taste and appearance to natural milk, and chemists have actually done so. But animals fed exclusively on this synthetic milk quickly sicken and die. If natural milk is mixed with it, the mixture will support life. So, evidently, there are some qualities in natural milk that are lacking in synthetic milk, and we call these life-giving qualities vitamins.

Five Vitamins Needed

There are at least five vitamins recognized as necessary to life by science at this time. They are known by letters of the alphabet, A, B, C, D, and E, and are also often designated by the name of the type of disease they prevent.

While we know little of what vitamins are, we understand pretty well what they do. Their absence from the diet stops growth and causes death and disease. If there is a lack of vitamins in the diet, the results are more or less serious, depending upon the degree of deficiency. Their presence in the proper proportion in the diet of men and animals promotes growth and prevents and cures certain types of disease.

How can you select food that will provide the diet with sufficient vitamins? Here is a table:

1. A quart of milk a day for children up to 12 years, at least a pint a day for all older people should be used.
2. Fresh fruits and vegetables should be used liberally. Fruit or salad should be served at least once each day.
3. Green, leafy vegetables, such as spinach, lettuce, cabbage or pot greens should be eaten three to five times a week.
4. A large part of the highly refined cereal products, such as white flour should be replaced by products that contain more nearly the whole grain, such as whole wheat flour and rolled oats.
5. Vitamins have been called the "unseen messengers of health," but they are more than that. They are elements essential not only to health and growth, but to life itself. There are, of course, preparations on the market which will give vitamins in concentrated form, for use when the physician prescribes them. But how much better it is to use the vitamins as Nature has prepared them for her children—in the food she furnishes!

She is particularly lavish this time of the year in the fresh fruits and vegetables, in the milk and cream, butter, and other dairy products, and eggs, all of which contain these essentials.

Secret Move On to Oust McGinnies

Over Half The Upstate Republicans Have Already Agreed To Withdraw Their Support From The "Old Guard" Leader.

By MAX HARRISON
Associated Press Staff Writer
Copyright, 1934, by The Associated Press

KINGSTON, N. Y., July 15 (AP).—A secret move is underway among the Republican members of the New York Assembly to overthrow the long rule of Speaker Joseph A. McGinnies, it was learned today.

More than half the upstate Republicans have already agreed to withdraw their support from the 73-year-old "Old Guard" leader if he seeks the speakership next January. It is understood spokesmen from the group asked the speaker not to run for the Assembly again and that when he decided not to quit the move was started. Other "Old Guard" leaders, not connected with the Assembly, also advised the speaker to retire from the Legislature, it was learned.

The opposition to McGinnies, according to leaders of the revolt, is partly because of the charges made by Republican State Chairman W. Kingsland Macy a year ago that the Assembly was controlled by "invisible government" of powerful public utilities companies. It is also in line with the recent move to "liberalize" the party.

The anti-McGinnies group will throw its support behind Assemblyman W. Allan Newell of St. Lawrence county for the speakership. Newell, former mayor of Ogdensburg, is regarded as one of the most liberal members of the Assembly. At the same time he is an industrialist.

He sided with Speaker McGinnies during Macy's fight last winter to oust Fred W. Hammond, clerk of the Assembly. This labeled him as a member of the "Old Guard" but it did not hurt his friendly relationship with the state chairman, because he made it clear that he was opposed to Macy's tactics, not his objective.

Hammond will not seek re-election as clerk of the Assembly, it was reported by a spokesman for the group which supported him last winter.

It was learned that at the recent state convention of young Republicans at White Plains, 17 young

assemblymen were asked by a representative of Speaker McGinnies whether they thought he should seek election this fall and every one of the 57 replied in the negative.

First in U. S. to Get Nobel Prize

The outbreak of war between Russia and Japan began on February 10, 1904, and closed with the signing of the treaty at Portsmouth, N. H., September 5, 1905. Here is where Theodore Roosevelt came in. It was he who negotiated the treaty between these two nations, and for his efforts in connection with the settlement of this war he was awarded the Nobel peace prize, the first American to receive a Nobel prize.

NASH

*** Built to Stay Built ***

SIDE BY SIDE, CAR FOR CAR

.. Nash Saves You \$100 to \$400

WHAT a revelation it is when you compare other cars SIDE BY SIDE with Nash!

Right away you learn that the three series of new Nash cars are priced \$100 to \$400 under cars of similar specifications! As clear as daylight, it's a case of \$100 to \$400 greater value on the Nash side!

SIDE BY SIDE... make your own comparisons of overall length, interior luxury, seating comfort, leg room, head room.

SIDE BY SIDE... get all the answers. Can any car's single ignition power hold a candle to Nash double-spark, super-smooth Twin Ignition power?

Are ordinary automobile brakes in a class with Nash equal-action Bendix brakes? Is any other car as thoroughly sound-proofed as a Nash? Are individually sprung front wheels without a front axle as safe and sound as Nash individually sprung wheels with a front axle?

Sift facts from claims by getting SIDE BY SIDE evidence. Nash vs. any car. Let the better car win!

Mayflowers Tie Rienzios 1-1, S. & K. Plays Hercules Tonight

The crowd at Hasbrouck Park last night was treated to a real baseball game. They were watching the Mayflowers and the Rienzios in a battle through which the Mayflowers won a 1-1 draw.

Joe Manno, on the slab for the A. C. last night, was the only one who was hit. He was hit by the Mayflowers and allowed only one run. He was hit by the Mayflowers and allowed only one run.

In the fourth frame, A. Short singled and scored when Krum smacked a double to right field. This rally put the A. C. on top in the lead and was the only run to cross the plate up to the seventh. Going in to the seventh inning, Williams, the Mayflowers' left fielder, hit, and reached second on a wild throw. He then crossed the plate when Ed Baker hit to center field. This tied up the score.

In the eighth, Baker passed Mahar who then came home on Manno's hit to center, but Joe failed to touch third and the tally did not count. Manno was left on third as the heat batter grounded out.

Tonight at Hasbrouck Park, the Mayflowers and the Rienzios will face the Hercules in a battle through which the Mayflowers won a 1-1 draw.

Milkmen Spill the Hermawks by 11-5

At the Athletic Field last night, the Independent Milkmen went to work on the Herzog-Mohawk nine, winning by the score of 11 to 5. Jack Dawkins hit two home runs. The Milkmen hit Spaltz for 10 smacks. Dock held the Hermawks to 7.

At the end of the third frame the score was tied at 4-4. Dawkins then opened the fifth with one of his circuit drives, which paved the way for the Milkmen's spree. Before they were checked they had rung up seven more tallies.

45,000 Look On As Giants Split Two With Chicago

By HUGH S. FULLERTON, JR.

(Associated Press Sports Writer)

The New York Giants—the club which has an amazing habit of coming through in a pinch—moved into the final game of its duel with Chicago's second-place Cubs today with the same two-game lead it had at the start and with even better reason to believe it will stay on top.

The extra reason came from Leroy (Doc) Parmelee, who hadn't won a game since April 19 and had been inactive for two months because of an appendicitis operation, not only held Lonnie Warneke even in the mound duel but broke up a tie game by sticking a home run with the bases full. That clout, after Warneke had passed Gus Mancuso to get at the pitcher, gave New York a 5 to 3 decision in the first game.

The second game told a different kind of a story as young Bill Lee outpitched Carl Hubbell by a 2 to 1 count. But even in taking his sixth defeat of the season Hubbell showed the 45,000 fans the kind of hurling that usually wins. He gave only five hits in the seven innings he worked.

The third-place Cardinals lost a good chance to overhaul the leaders when they dropped a 7 to 6 decision to Brooklyn on Len Koenekoe's homer in the seventh.

The Phillies completed the National League program by trouncing Cincinnati 7 to 0 for their fifth straight victory as Curt Davis pitched seven-hit ball. Pittsburgh and Boston had an open date.

In the American League the Tigers and Yankees returned to the point at which their "crucial" series ended two days ago.

Wesley Ferrell picked up a share of the day's pitching laurels when he limited the White Sox to six hits and chalked up his seventh victory for Boston against a single defeat. The score was 6 to 2.

Connie Mack's Athletics equalled a major league record when three of them, Bob Johnson, Jimmie Fox and Pinky Higgins, hit successive homers off Jack Knott in the fourth, but they couldn't win a ball game from the Browns, who came out on the long end of a 7 to 4 score.

Firemen to Clash On The Diamond

At 6:15 tonight at Block Park the firemen come to grips. The Rescue Hook and Ladder and the Cornell Hose will be the opposing nines.

Both teams predict a victory.

Chet Krom will grace the slab for the Cornell Hose with Joe Hoffman doing the receiving. Manager

Coughlin is still silent on the lineup for the Rescue men, and it is still a mystery as to who will appear on the diamond to play against Cornell.

The full lineup for the Cornell Hose Co. will be: Rosenzweig, ss; Williams, cf; Ed Leonard, 1b; Bill Leonard, 3b; Krom, p; Hoffman, c; Finley, lf; Burns, 2b; Forgy, rf.

Oddities of the Ring-By R. Edgren

"HISTORY REPEATS"

JIM BARRY KNOCKED DOWN SAM LANGFORD, DISLOCATING SAM'S ANKLE.

MAX BARR WALLOWED PRIMO CARRERA AND GRIPPED A BONE IN HIS ANKLE.

JACK DEMPSEY HIT "BIG BULL" BREWSTER ON THE JAW AND BROKE HIS ANKLE.

Helen Jacobs Will Defend Her Title

By BOB CAVAGNARO

(Associated Press Sports Writer)

New York, July 18 (AP)—While Helen Jacobs suffered one of the greatest disappointments of her career when she failed to win the all-England championship at Wimbledon, the Berkeley, Calif., tennis girl was back on her own shores today, brimful of hope and confident she will retain her national title next month.

Miss Jacobs, who lost to Dorothy Round in the United States last evening on the liner Olympic, and planned to launch almost at once, into a campaign to whip herself into condition for her title defense at Forest Hills August 13-18.

Brown as a berry after several weeks under a warm sun in France and England, Helen revealed she had wrenched her right ankle in the finals of the French hard court championship against Margaret (Peggy) Scriven of England and played in the Wightman Cup and Wimbledon matches under the handicap of that injury. Toward the close of the British championships she developed a heavy cold.

"My ankle is practically recovered although it still is strapped, and I'm all over the cold," Miss Jacobs said. "I feel just great and plan to play in the Seabright and Easthampton tournaments in preparation for the national championship."

The Seabright invitation begins Monday. While she was in England, Miss Jacobs watched the American Davis Cup squad work out and predicted an easy victory for the United States in the interzone final with Australia, beginning Saturday, but said our chances of wresting the International trophy from England depended upon what kind of tennis Fred Perry, John Bull's star, is playing at the time.

Petey Hayes Will Box Rodak Tonight

Petey Hayes, popular Saugerties fighter, and Leo Rodak will face each other in the ring tonight. The fight will be held at Wrigley Field, Chicago.

Hayes recently defeated Kid Chocolate of Cuba, and should prove to be pretty fast company for Rodak.

PHOENICIA

Phoenixia, July 18.—Mr. and Mrs. Charles Stone spent Monday in Kingston.

Mrs. Todd has returned to New York after spending some time with her daughter, Mrs. Frank Tyler.

Mr. and Mrs. Thomas McLaughlin of New York were entertained by Mrs. Helen Kelly over the week-end.

Mrs. Frank Tyler and Mrs. Mary Nolan were Kingston callers Saturday.

Mr. and Mrs. Clayton Hellison and family of Stamford spent Sunday with Mr. and Mrs. David Hellison.

Dr. and Mrs. F. C. Schumacher of New York spent a few days at their home.

Mr. and Mrs. Joseph Leconey and family of Kingston spent Sunday with Mr. and Mrs. George Foster.

The Rev. and Mrs. E. Bond Brown and family have returned from their vacation.

Trooper Raymond Dunn of Troop C was a week-end caller in town.

Mr. and Mrs. Gerald Gormley of Kingston spent a few days at their bungalow.

A little boy named Benjamin, Jr., arrived at the home of Mr. and Mrs. Benjamin Rosenkrantz. Congratulations are extended.

Mrs. George Foster has returned home after spending two weeks with relatives in Kingston.

Mr. and Mrs. Ed Keen are entertaining out of town guests.

Mrs. Harvey Clancy spent Friday in Kingston.

Miss Claire Simpson is spending her vacation at home.

Raymond Wattstein of New York has returned home after spending two weeks with Mr. and Mrs. Charles Stone.

Donald Clark of Kingston is assisting at the I. G. A. Store.

Mrs. Lloyd Short has returned home after spending a week with relatives in Schenectady.

Harry Baldwin of Kingston was a week-end caller in town.

Pig-Cat Born in Seneca

Seneca Falls, N. Y., July 18 (AP)—A freak animal that breathes and sneezes like a pig and has a cat's body and legs was alive and doing well here today under the care of Dr. W. L. Clark, veterinarian.

The pig-cat was born yesterday on a farm west of here and brought to the village by Dr. Clark last night. Born to a mare, it has a black coat with a white mark on its long pointed nose.

Midget Discovered

The fossil bones of a full-grown caribou were discovered 80 inches long—no bigger than a dog—and representing a new species have been found in Montana.

THE SPORTLIGHT BY GRANTLAND RICE

Brace Life.

Those only win who reach the gate
Through surf and storm and bitter gale,
Through pain and loneliness and hate,
Through all the sullen throats of fate,
With battered prow and shattered sail,
Who look on life and death as one,
Until the closing race is run.

Those only win who see the goal
Beyond the baffling fog and mist,
Whose names are written on the scroll
Of those who stand with unbowed soul
And the thin, immortal list,
Who drive through fear and doubt and sin
Until the darkness closes in.

This is no life for soul or heart
That breaks or falters at defeat;
The weak are beaten at the start,
And only those who play their part
May face the finish and look back,
The road is long—the dream is gone—
The fighting heart still carries on.

In Rebuttal.

A short while back, if you recall the details, a golfer was socked \$10,000 in court for hitting his caddy.

In his charge the judge referred to "the eccentric qualities of those golfers" who use their drivers from the rough. We commented on that strange eccentricity at the time, the same being a common fault of many of our golfing companions who wonder why they can't crack 100 or 110.

"My client," writes the eminent attorney who handled the case for the beaten defendant, "has gotten all the worst of this matter. It was bad enough to be nailed for \$10,000. Even if you miss a putt for an open championship it doesn't cost that much. But the point is that he didn't use a driver from the rough. This \$10,000 shot started from the tee. In addition, he did what you and a lot of others advise—he kept his head down and so didn't see the unfortunate caddy. If he had lifted his head, he could easily have called out 'Fore.'"

"You and other experts advise keeping the head still or down, or the chin back through the swing. Moving pictures prove this is the correct attitude. But following this correct formula seems to have cost my client \$10,000. I contend that is a big price to pay for form when you are playing \$1 Nassau. I would like your opinion on this matter."

This is a pretty complicated situation. It is fairly evident that you can't keep your head down and still look at a caddy 150 yards away. Above everything else, the head must be the anchor to the swing. It must be kept in place. The only two solutions are these:

1. Yell "Fore" before hitting the ball.
2. Get a caddy who knows when to duck.

Explaining a Why.

A somewhat baffled bystander can't understand why the Tigers, picked to finish fifth or sixth—rated at 50 to 1 in April—are clawing along at such a pace.

Here are a few fairly lucid reasons:

1. Mickey Cochrane is one of the great catchers of all time—from Buck Ewing on through.
2. The pitching staff is well balanced, flanked by a brilliant finisher in big Marberry, who can step four innings at a killing pace.
3. A strong infield with Greenberg well above the average at first—Gehring the best of all second basemen—and Owen up around the top at third, one of the most improved ball players of many years.
4. Goslin's hitting.
5. The hustling spirit Cochrane has implanted in the manly breasts of his ball players.

The one weakness has been in the outfield, and yet even this department has been no flop with Goose Goslin slapping the ball with a steady influence on his outfield mates.

Goslin is not only a good ball player but also a smart one. He knows what it is all about and he is apt to be even more dangerous at the main spots of hard competition.

The Tigers through Cochrane, Gehring and Goslin, have smart direction and a solid foundation from the catcher's box on through the center field.

Just after the recent all-star game, Mickey Cochrane told the writer that he didn't believe the Yankees' young pitchers could hold up as well through a driving pennant race away from the home lot. "They are hard to take in that Yankee park," Mickey said, "but they are different on the road. I don't even believe Gomez can stop us." And Gomez didn't.

The Yankees and others have discovered at least that Cochrane & Co. are not morning-glories or early season flukes.

They have all the stuff a pennant winner needs.

Grand Circuit Sports Fastest Pacers Seen In Many Years

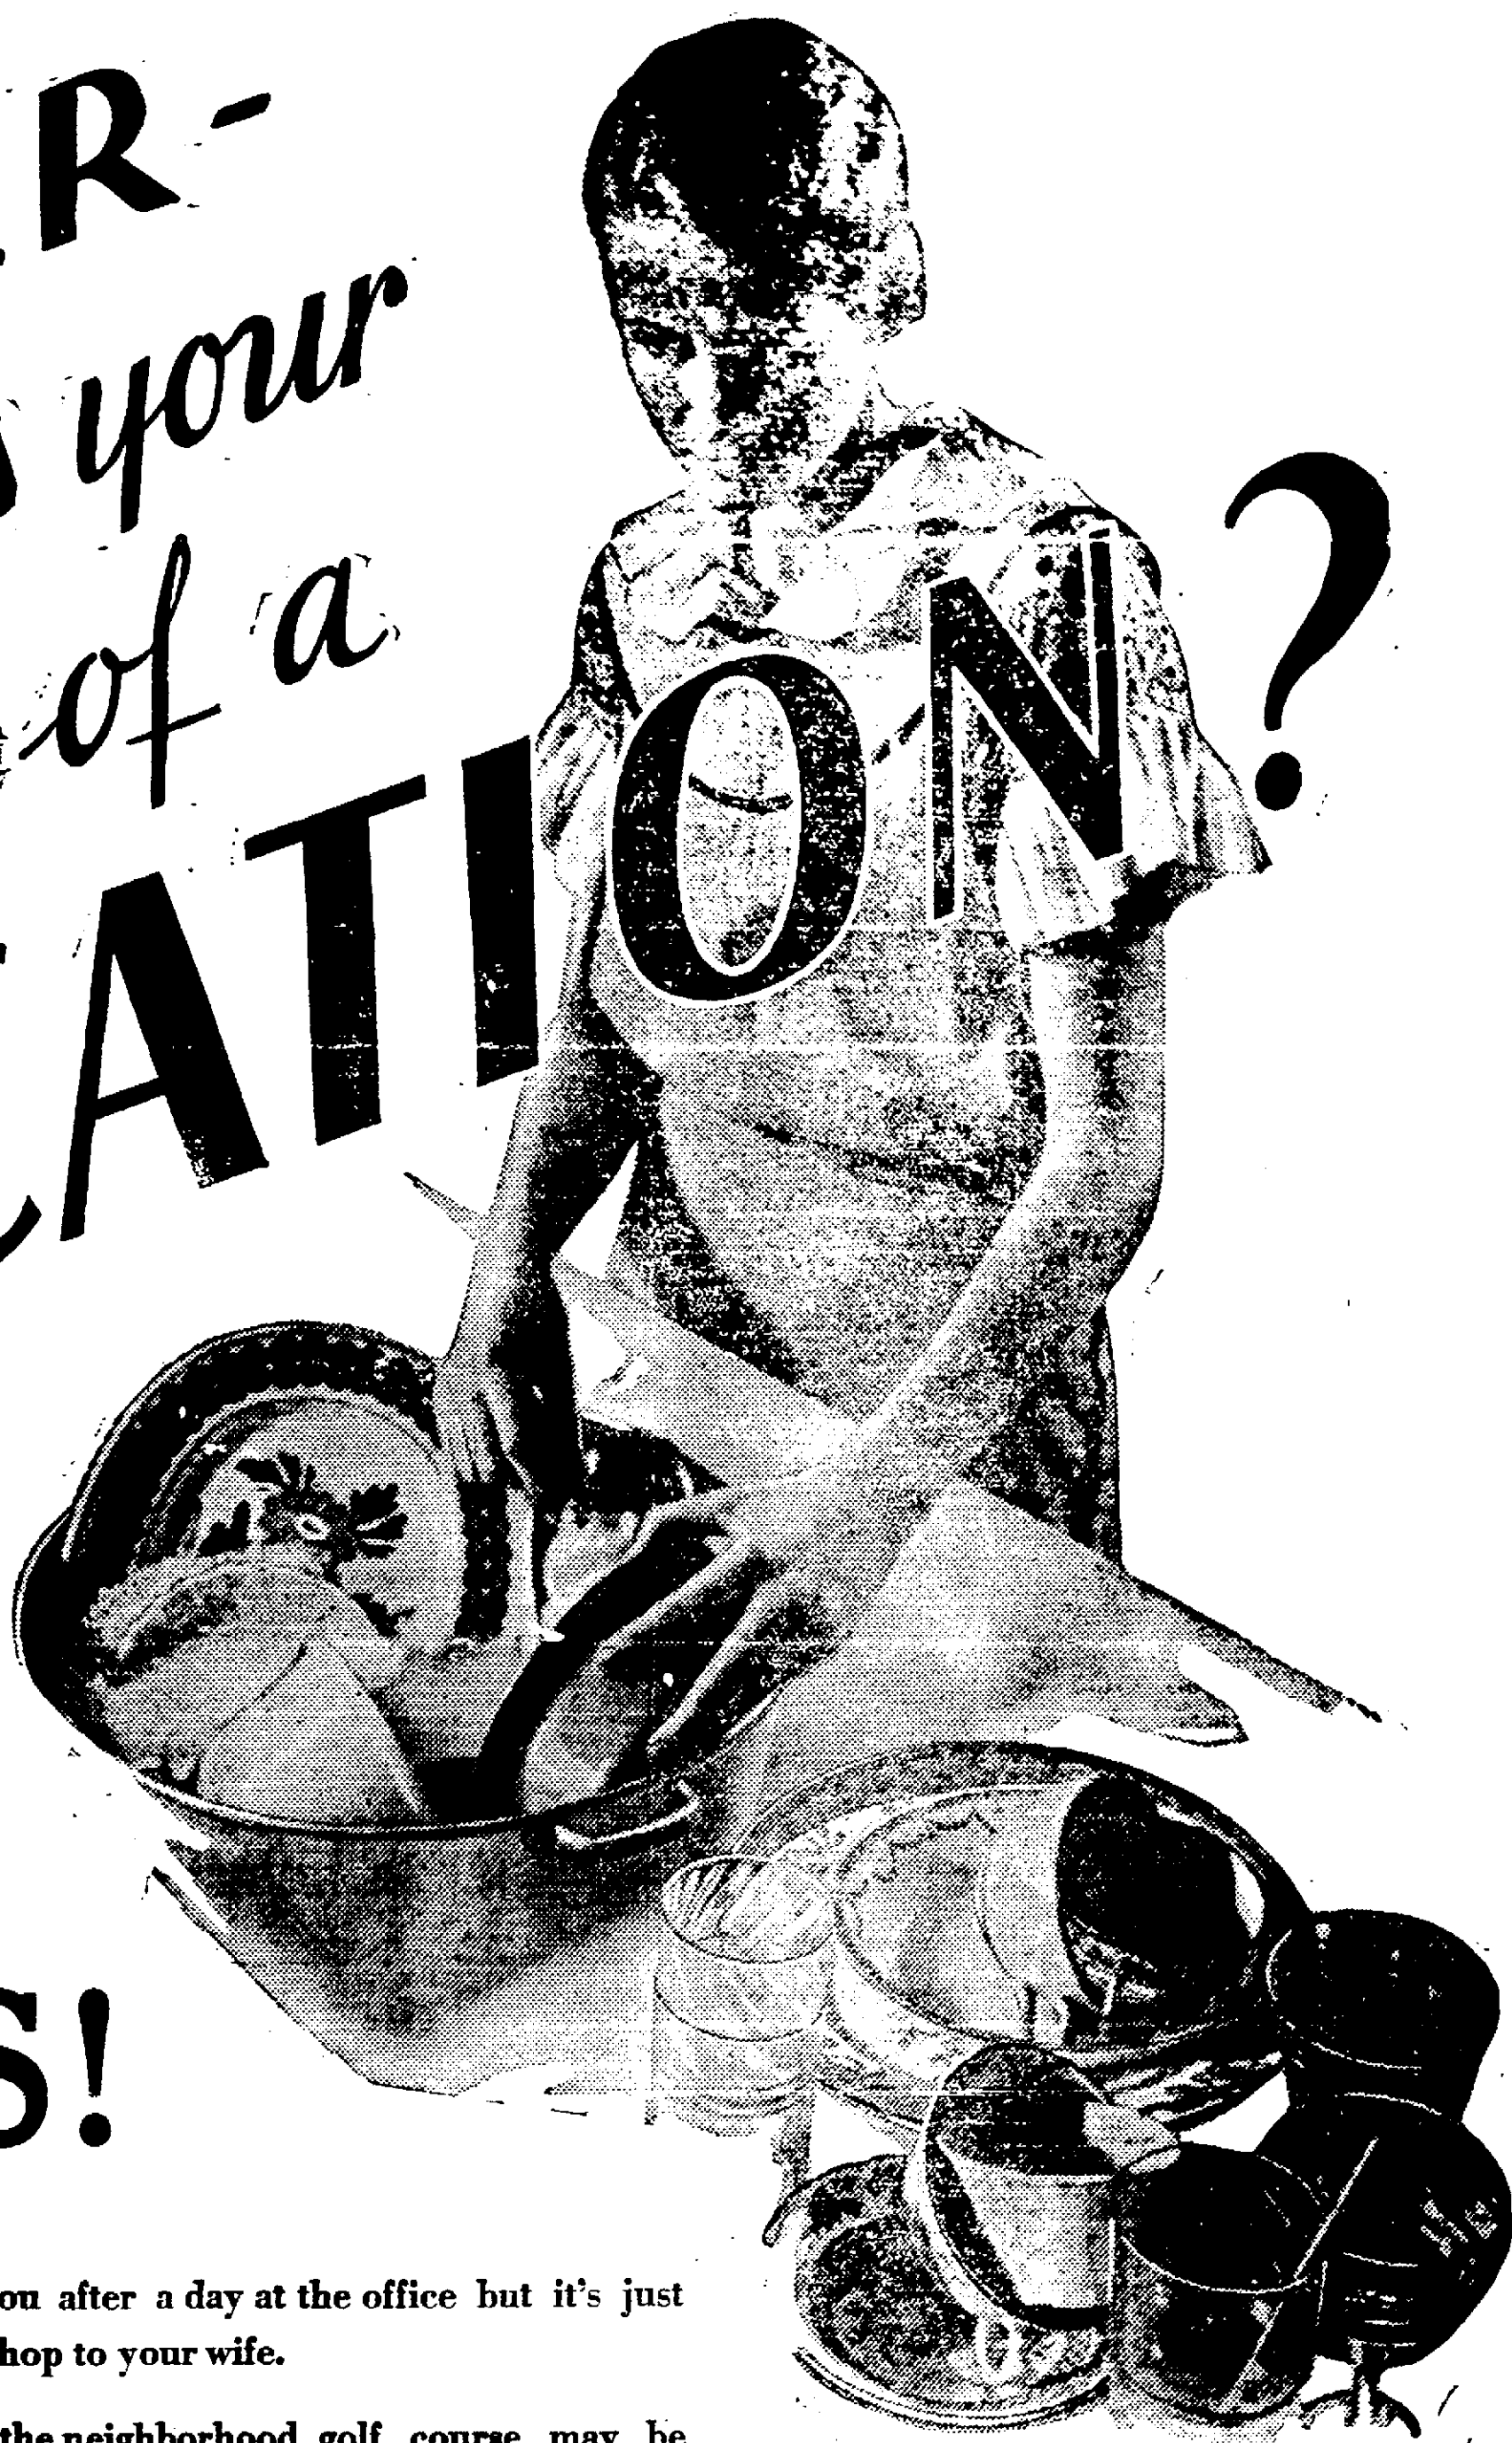

Toronto, Ont., July 18 (Special)—

Fast footwork by sizzling hot pacers of the Grand Circuit insures the swiftest pacing in the eastern sector represented by Rockingham Park, N. H., and Goshen, N. Y., that the major harness horse whirligig has sported in many years.

Fresh from record-smashing work at Cleveland and Toledo, and now

MISTER- is this your idea of a VACATION?

it
isn't
HERS!

HOME may be heaven to you after a day at the office but it's just another name for workshop to your wife.

Poking around the garden and the neighborhood golf course may be your idea of a perfectly swell way to spend two weeks this summer but then you won't have to answer the doorbell, shoo away peddlers, cook the dinners, wash the dishes, bathe the children and make the beds—or wear the same house dress day in and day out all summer long.

Why not give her the thrill of her sweet life and take her on a real vacation this year.

Why not slip off and forget about kitchen sinks and grocery bills? Why not meet new people and tramp all day just so you can kick off your shoes and wiggle your toes in a brook? Why not give your weary nerves a chance to relax so you can be your swell, good-natured self? Why not fall head-over-heels in love again with the wonderful girl your married? Why not—when it costs so downright little! Figure what you save on food and gas and light and you may even come out money ahead. Especially if you do your vacation-shopping through the Daily Freeman.

Get out your pencil and check the "going away" ads in this newspaper right now for what you need. Daily Freeman advertisers are offering sports toys, golf needs, fishing tackle, beach wear and loads of other things at special prices. You'll get the thrill of your life when you see how much you can buy for so little. But act now. Don't put it off a minute longer. A real vacation is a cheap investment this year And it never paid bigger returns.

All the world
is downhill — when you use
streamline acting

CONTINUOUS GOOD PERFORMANCE depends upon OIL

While Blue Sunoco will give streamline action to your car, Sunoco Mercury Made Motor Oil will preserve your engine's power and performance, because it will not permit the formation of power-killing hard carbon.

because, like Streamlining,
Blue Sunoco also increases speed and economy

There are some
things we refuse to do
to sell a car

There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are dearer to us.

For one thing, we refuse to poison any one's mind without another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer can do is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse to keep shining in your ears that the Ford V-8 is the best, most economical, lowest

priced car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hysteria disappears in its own fog. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is an economical to operate on any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the merry good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.

Henry Ford
